### **New Sustainability Coordinator Announcement**

Our new Sustainability Coordinator – Alyssa Wood – joins us in May. Alyssa joins us from South Florida where she worked as a Sustainability Coordinator for the City of Hallandale Beach for the last four years. Her experience is boosted by her education, where she earned a Master's in GeoScience with a focus on Human-Environment Sustainability. By all accounts, Alyssa is highly regarded in her field as “she lives and breathes Sustainability.” Please join us in May to welcome Alyssa to our team.
