

TO: Public Works Committee  
FROM: Mary Heather Ames, Transportation Manager  
DATE: November 17, 2022  
SUBJECT: Old Highway 99 Corridor Study Update

---

1) Recommended Action:

None. For discussion only.

---

2) Background:

The Old Highway 99 Corridor Study examines multimodal safety and mobility issues and incorporates land use, environmental, and transportation considerations as necessary to determine preferred alignment, cross sections, intersection control, stormwater strategies, mitigation strategies, right-of-way needs, implementation strategies, and future project estimates.

Staff worked with a consultant to develop the plan building upon previous planning using online public engagement processes, stakeholder meetings, and technical analysis.

---

3) Policy Support:

Strategic Goals and Priorities C. Create and Maintain a Transportation System Safe for All Modes of Travel

---

4) Alternatives:

☐ N/A

---

5) Fiscal Notes:

This project has been funded by a Surface Transportation grant administered by the Thurston Regional Planning Council. Funding is included in the Transportation CFP.
