2) Background:

At the November 2024 meeting, the Commission discussed the desirability of doing some long-term planning, notwithstanding the limited staffing now available, to further the commission's work. Commissioner Nicandri volunteered to pull together an element of such a plan relative to the marking of Tumwater's historic trails and roadways. With the assistance of Darlene Kemery, whom the city contracted with to provide graphic design and digital production services, Dave will present this work item at our meeting on the 20th.

3) Alternatives:
