2) Background:

For many years, the City has had a Fire Mobilization Response Agreement with the State of Washington through the Washington State Patrol (WSP). The purpose of this agreement is to provide for the reimbursement of allowable City costs incurred while its assets are mobilized in accordance the Washington State Fire Services Resource Mobilization Plan. The Tumwater Fire Department currently participates in statewide mobilizations through Rescue Emergency Support Module (REMS) deployment. Personnel on these deployments support firefighting crews with technical rescue and emergency medical expertise. The Department is investing in enhanced wildland fire training and equipment and may participate more widely in firefighting mobilization as resources permit.
