

TO: Parks and Recreation Commission
FROM: Chuck Denney, Parks and Recreation Director
Todd Anderson, Recreation Manager
DATE: May 20, 2026
SUBJECT: Play Structure Updates

1) Recommended Action:

Information/Discussion Item with input on toy design and colors.

2) Background:

- The play structure at “V” Street Park was removed in 2024 when wood decay began to impact the safety of the play area. Funding to replace the toys was approved in 2026. The project is nearly complete and staff will update the Commission on the status of the project.
 - Similar to the “V” Street play structure, several elements of the Pioneer Park play area have been removed as the wooden posts have deteriorated and become unsafe. Staff is working on a new play toy design and funding through the Metropolitan Parks District.
-

3) Alternatives:

Information item. Discussion will include play toy design options, colors, costs, and timelines.
