Request: Seeking the Council's approval for the submission of the Firehouse Subs Public Safety Foundation grant application for the Fire Department.

Agency: Firehouse Subs Foundation

Grant: Firehouse Subs Public Safety Foundation grant

Amount: Approximately \$24,806.90

Match: None

Submission Deadline: 13 July 2023

Overview: This funding will be used to purchase a side by side for the fire department, replacing a John Deere Gator that no longer runs. This side by side will be stored/used at Station 3, which is in a park with lakes, trails, disk golf course and softball fields. This gives the crew at Station 3 quicker access to the patient in the event of a medical call that is on a field or trail. This will make covering the park area easier in the event of an emergency. Fire Station 3 is also where the Hazardous Materials Team equipment is located. In the event of a Hazardous Materials emergency, the side by side will be used to set up equipment, haul personnel and to recon the area with the off-road capabilities of the side by side.
