**BID FORM
 BID NO. 2026-014WL
 ELECTRIC LINE RIGHT-OF-WAY CLEARING SERVICES**

The undersigned (hereinafter called the CONTRACTOR) acknowledges by his signature that he has received and examined the documents entitled "Specifications and Bid Proposal for ELECTRIC LINE RIGHT-OF-WAY CLEARING SERVICES" for Tupelo Water & Light Department and has included the provisions of the Specifications in his Proposal. The CONTRACTOR further acknowledges that he has received the following addenda:

Addendum No. N/A Dated N/A

The CONTRACTOR hereby proposes to provide to Tupelo Water & Light Department (hereinafter called OWNER) electric line right-of-way line clearing services, as required by OWNER; Tupelo, Mississippi, upon the terms and conditions herein contained in the ELECTRIC LINE RIGHT-OF-WAY CLEARING SERVICES AGREEMENT, as shown below:

Compensation to the contractor by the OWNER shall be in accordance with proposed rates submitted by the CONTRACTOR with this proposal.

1. BASIS OF CHARGES: LABOR

The rate per hour for labor shall be all inclusive and include any costs of profit, employee benefits and all overhead costs for home office, job site, executive, supervisory, clerical personnel, and the costs of Federal Income Contribution Act, State Unemployment Insurance, Federal Unemployment Tax, required insurance coverages, holidays, vacation, sick leave, etc.

<u>Classification</u>	<u>Straight Time Rate per Hour</u>	<u>After-Hours Rate per Hour</u>
Working Supervisor	\$ <u> 103.47 </u>	\$ <u> 155.21 </u>
Working Foreman	\$ <u> 78.26 </u>	\$ <u> 117.39 </u>
Trimmer	\$ <u> 68.76 </u>	\$ <u> 103.14 </u>
Groundman	\$ <u> 66.70 </u>	\$ <u> 100.05 </u>

2. BASIS OF CHARGES: EQUIPMENT

The rate per hour for equipment shall be all inclusive and include any costs of ownership, licensing, maintenance, insurance, fuel, lubricants, and all other operating costs, except for operators that shall be charged under labor. Further, all small tools and equipment, traffic control signs and devices, hand and power actuated tools and cutters, files, bits, ropes, etc., including all necessary personal protective equipment to provide Electric Line Right-of- Way Line Clearing Services shall also be included in equipment rates.

<u>Classification</u>	<u>Straight Time Rate per Hour</u>	<u>After-Hours Rate per Hour</u>
Bucket Truck	\$ <u>125.00</u>	\$ <u>187.50</u>
Chipper Truck	\$ <u>118.00</u>	\$ <u>177.00</u>
Aerial Lift	\$ <u>65.00</u>	\$ <u>97.50</u>
Pickup Truck	\$ <u>27.00</u>	\$ <u>40.50</u>
Chipper	\$ <u>74.00</u>	\$ <u>111.00</u>
Power Saw	\$ <u>8.00</u>	\$ <u>12.00</u>
Tractor and Bush Hog	\$ <u>36.00</u>	\$ <u>54.00</u>

3. BASIS OF CHARGES: OTHER AVAILABLE EQUIPMENT

The rate per hour for equipment includes the costs of ownership, licensing, maintenance, insurance, fuel, lubricants, and all other operating costs, except for operators that shall be charged under labor. Further, all small tools and other devices or materials incidental to the equipment shall also be included in equipment rates. CONTRACTOR may attach additional sheets as necessary.

<u>Equipment</u>	<u>Rate per Hour</u>
_____	\$ _____
_____	\$ _____
_____	\$ _____
_____	\$ _____

The CONTRACTOR's cost shall be determined from the supplier's invoices plus transportation charges to the CONTRACTOR's job site.

4. EXCEPTIONS:

no exceptions

5. OTHER CONSIDERATIONS:

It is understood by the undersigned that the OWNER retains the privilege of accepting or rejecting all or any part of this proposal and to waive any informalities or technicalities therein. Counterproposals or qualified bids shall be subject to rejection at the discretion of the OWNER.

It is also understood by the undersigned that the OWNER reserves the right to conduct investigations to evaluate the proposals received and to award the bid for this equipment to the lowest Bidder, who in the OWNER's evaluation will provide the equipment which will be in the best interest of the OWNER.

SIGNATURE SHEET
BID NO. 2026-014WL
ELECTRIC LINE RIGHT-OF-WAY CLEARING SERVICES

My signature certifies that the bid as submitted complies with all requirements specified in this Invitation for Bid.

My signature also certifies that by submitting a bid in response to this IFB, the Bidder represents that in the preparation and submission of this bid, the Bidder did not, either directly or indirectly, enter into any combination or arrangement with any person or business entity, or enter into any agreement, participate in any collusion, or otherwise take any action in the restraining of free, competitive bidding.

I hereby certify that I am authorized to sign as a legal representative for the business entity submitting this bid.

CAPABILITIES AND EXPERIENCE

CERES HAS NEVER DEFAULTED ON A CONTRACT OR FAILED TO COMPLETE ANY WORK AWARDED.

Ceres Environmental Services, Inc. and its subsidiaries are in the disaster recovery and vegetation management business every day. Ceres is one of the largest disaster recovery contractors in the nation. In the past 10 years alone, Ceres collected over 56 million cubic yards of debris and trimmed and removed more than 1,000,000 trees. Ceres wholly owned subsidiary TSU, has been performing certified line clearance and vegetation management operations for 39 years.

Ceres is one of the nation's leading disaster recovery contractors, deploying from its disaster response facilities in California, Florida, Louisiana, Minnesota, Puerto Rico, Texas, the Virgin Islands and Christchurch, New Zealand. Since its founding in 1976, Ceres has been awarded over **\$3.2 billion in FEMA-funded disaster recovery projects** across the United States. While under contract for one billion dollars, Ceres was able to complete the work for about half that amount, saving hundreds of millions of dollars for the Government. The U.S. Army Corps of Engineers officially evaluated **Ceres' overall performance during the Katrina cleanup as "Outstanding", the highest rating available at that time.** Ceres was specifically noted for use of local contractors; quality, efficiency and swiftness of performance; and cooperation while managing a changing and evolving work scope for the single largest geographic area of operation post Katrina.

Utility Experience

Ceres has extensive experience in utility vegetation management, performing various contracts including one of our most recent contracts for LUMA Energy. Ceres performed a \$9.5M line clearing services agreement in 2023 and has provided continuous service through a \$172M vegetation clearing services contract.

Since June 2024, Ceres has served as LUMA's top-performing vegetation management contractor under the island wide Vegetation Clearing Services contract. From the moment of award, Ceres worked together with LUMA to help formulate and operationalize the project. Ceres provided structure and stability to the program by collaborating closely with LUMA to define processes, accelerate mobilization, and ensure operational readiness. Throughout the life of the contract, Ceres has maintained workforce readiness to respond quickly to fluctuations in work volume. By keeping trained personnel on standby, we ensured that LUMA had a dependable partner ready to meet surge demands.

Ceres and its subsidiaries are in the vegetation management business every day. **Ceres' Director of Utility Services, Dale Enersen, has over 46 years of experience in this field.** He has worked extensively with utility systems throughout the United States, Australia, and New Zealand.

Ceres wholly owned subsidiary Tree Services Unlimited, Inc. (TSU) is a line clearance certified, disaster recovery, debris management, and

Ceres Performing Work for the LUMA Vegetation Clearing Services Contract

hazard tree removal company. For 39 years, TSU has successfully performed services for the largest utilities and municipalities, as well as federal, state, and local entities. TSU conducts daily vegetation management operations to include tree felling, trimming, hazard tree removal, biomass treatment, herbicide application and mastication. Daily, TSU operates within the vicinity of overheard, energized, electrical lines and around critical infrastructure.

TSU employs 143 personnel that are/hold:

- CLCP (certified line clearance professional)
- Hazard Tree Assessment qualified
- ISA Certified Arborists
- ISA Certified Utility Arborists
- TRAC (tree risk assessment certification)

Major Projects Include:	
	<p>Pacific Gas & Electric Company (PG&E): Provided tree trimming and vegetation management services for PG&E across El Dorado, Drum, Nevada, Sacramento, and West Sacramento regions/divisions. Currently TSU provides all vegetation management and line clearance services within one of PG&E's largest divisions including Routine, CEMA/Hazard, Transmission, Wood Management and Debris manipulation, removal and hauling and Construction work scopes. Services provided include tree removal, hazard tree removal, aerial tree trimming, debris hauling, chipping, mastication, herbicide treatment and stump grinding.</p>
	<p>Sacramento Municipal Utility District (SMUD): Wildfire resiliency and vegetation management operations within SMUD Transmissions Right-of-Ways spanning El Dorado, Placer, and Nevada Counties. Services include tree felling, tree trimming, skidding, decking, lopping, herbicide treatment and mastication.</p>
	<p>East Bay Municipal Utility District (EBMUD): Ongoing tree trimming and vegetation management services within EBMUD properties. Services provided include: tree trimming, hazard tree removal, skidding, mastication, chipping, piling/decking of logs, and debris hauling.</p>

Other Recent Projects

Ceres Environmental Services, Inc. has completed over 400 FEMA-reimbursed projects, most of which involved **vegetation management**. Below is a selection of our past performance for the last five (5) years; additional details on our past performance are available upon request.

San Marcos, TX	\$239,658	23,200 CY	May – June 2024	Disaster debris removal and disposal following a wind event in May 2024
East Feliciana Parish, LA	\$218,829	17,359 CY	May 2024	Disaster debris removal, reduction and disposal following a severe wind event in May 2024 – North Side of Parish.
Slidell, LA	\$13,217.40	Hourly	April 2024	Cut and Push following a tornado
St. Tammany Parish, LA	\$729,185	55,171 CY	April 2024	Disaster debris removal following an EF2 tornado.
Rockdale County, GA	\$346,773	30,606 CY	April 2024	Disaster debris removal, reduction, and disposal following an EF2 tornado
FDOT District 2 – Taylor County	\$426,431	35,042 CY	Feb – March 2024	Debris removal and disposal from private roads following Hurricane Idalia
Cape Coral, FL	\$2,923,339.56	Time and Materials	October 2023 – April 2024	Private Property Debris Removal from vacant lots following Hurricane Ian
FDOT District 2 – Taylor County, FL	\$30,991,644	1,752,129 CY 17,800 Trees	September 2023 – February 2024	Removal and reduction of Debris following Hurricane Idalia
Merced County, CA	\$1,732,223	65,978 CY	July 2023 – March 2024	Removal and reduction of Debris following flood event. There were many unique challenges including: navigating semi-submerged and closed roadways, removal of white goods, and removal of waterway debris (creeks, culverts, etc.). All processed vegetative material (mulch) was transported to local farmers, where the material was land-applied. This method extends the life of available moisture and aids in erosion control.
Columbia County, FL	\$663,803	52,643 CY	September – November 2023	Removal and reduction of Debris following Hurricane Idalia
