To the Mayor and City Council,

I would like to recommend that the mayor and City Council approve Memphis Pools as the sole source provider for the ACCU-TABS needed for the Aquatic Center. The ACCU-TAB chlorinator system incorporates an Axiall Corporation chlorinator, which is designed to utilize Axiall's ACCU-TAB Blue S1 calcium hypochlorite tablets. This is the system that the Tupelo Aquatic Center uses for both the competition and teaching pools.

Please let me or Amy Kennedy know if you have any questions regarding this matter.

Sincerely,

Alex Farned

To Whom It May Concern,

Westlake Corporation, the manufacturer of the Accu-Tab Tablet Chlorination System and Acid Rite pH Adjustment systems distributes these systems through a network of authorized Specialists. By selling through a network of authorized Specialists, Westlake's intention is to supply each end use customer with a qualified local supplier to service the equipment and supply Accu-Tab Blue SI and Acid Rite tablets readily.

Memphis Pool Supply, Inc is the authorized Axiall Accu-Tab Chlorination System Specialist for west Tennessee from the Tennessee River east to the Mississippi river. Their coverage includes counties in north eastern Arkansas, southern Missouri and forty-one counties in north Mississippi, including Lee county. Memphis Pool Supply, Inc is also the center for warranty and replacement parts for Accu-Tab Chlorination Systems and Acid Rite pH Adjustment Systems within the same region.

The Accu-Tab Chlorination System Includes:

- Accu-Tab Chlorinators
- Accu-Tab Blue SI Tablets – NSF 50 listed when used in conjunction with Accu-Tab Chlorinators

The Acid Rite Water pH Adjustment System Includes:

- Acid Rite Feeders
- Acid Rite Tablets – NSF 50 listed when used in conjunction with Acid Rite Feeders

The use of any other tablets in an Accu-Tab or Acid Rite feeder will void the warranty, NSF certification, and also cause inadequate or over chlorination or pH adjustment due to variation in dilution rate.

If you have any questions, please don't hesitate to call me at (412) 638-1243.

Thank you,

Mike Gard
