Todd Jordan

Dear Mayor Jordan:

I would like to be considered for a position on the Tupelo Airport Board of Directors. I have a degree in Aeronautical Science and Minors in Aviation Safety and Accident Investigation from Embry Riddle Aeronautical University. I am currently a captain with FedEx Express. In my career, I have flown all over the US and Canada and I have done international flying in South and Central America. I fly Part 91 (private), 121 (airlines) & 135 (charter) and I am very familiar with the rules which govern them. I was also on the Teamsters (union for Republic Airlines) "Go Team". We were the pilots who would launch to a sight of an accident, should we have one. Fortunately, we never launched. I have also had my own flight service and was a member of NBAA (National Business Aviation Association) and was awarded the Flying Safety Award.

I worked for Republic Airlines for 14 years. We had several EAS (Essential Air Service) contracts. I flew many of these flights and understand the strict requirements it takes to keep a government EAS contract. I feel I would be an asset to the Board. I have good intrapersonal skills, a safety-oriented mindset and I am good at handling unexpected operational changes.

I had the opportunity to be appointed to the Recreation & Parks Board of Brooklyn Park, MN. It was a great learning experience working with local government. I will enjoy the challenges which come with a position on the Tupelo Airport Board.

If you have any questions, please contact me. I look forward to serving the Mayor, the City of Tupelo and the community with a position at the airport.

Sincerely,

Chaz Miller 612-999-4331 Millecha@gmail.com
