Disclosure and Engagement Letter (the "Letter")

Dear Mayor and City Council,

We are writing you to provide certain disclosures to you as representative of the City of Tupelo, Mississippi (the "Issuer") as required by the Securities and Exchange Commission ("SEC") and Municipal Securities Rulemaking Board ("MSRB" or the "Board"). Government Consultants, Inc. ("GCI" or the "Municipal Advisor") is an Independent Registered Municipal Advisor and welcomes the opportunity to provide municipal advisory services to the Issuer for the issuance of the above referenced Bonds.

Disclosures Concerning our Role as Municipal Advisor

- (i) The Municipal Advisor has a fiduciary duty to you. This is different than an underwriter, if any, who only has an obligation to deal fairly with you. The underwriter, if any, has financial and other interests that differ from yours, unlike the Municipal Advisor who has no financial or other interests that differ from your own.
- (ii) We shall provide advice concerning the structure, timing, terms, sizing and other similar matters related to any potential bond or debt issuance.
- (iii) We shall make a reasonable inquiry to the relevant facts that help determine which course of action best suits your interests. A reasonable analysis will be conducted to determine that all advice and/or recommendation(s), are not based on materially inaccurate or incomplete information.
- (iv) We shall evaluate possible material risks, benefits and alternatives related to the Bonds.
- (v) Our duties are limited to this transaction and the above-mentioned disclosures.

The MSRB provides a brochure covering information for municipal advisory client protections and appropriate regulatory authority contact information on the MSRB homepage at <http://www.msrb.org>.

Disclosure Concerning Conflicts of Interest and Other Information

MSRB Rule G-42 requires that GCI provide in writing any disclosures relating to actual or potential material conflicts of interest, including certain categories of potential conflicts of interest identified in MSRB Rule G-42, if applicable. After reasonable due diligence by GCI, there are no known material conflicts of interest that may affect GCI's ability to serve as a municipal advisor to you. In accordance with MSRB Rule G-42, GCI will follow its fiduciary duty, that includes the duty of loyalty and the duty of care to the Issuer and to disclose our role and duties as a Municipal Advisor. Our primary obligation is to always act in your best interest. There are no other known material conflict(s) of interest at the time of engagement.

If any new or additional material conflict(s) of interest occurs after the delivery and execution of this Letter, GCI will disclose all new material conflict(s) of interest to the you.

Disclosure Concerning the Compensation

Our compensation for serving as municipal advisor will be contingent on the issuance of the Bonds and is based, in part, on the size of the bonds. We will negotiate with you as to compensation and will be paid upon closing of the transaction(s). The Municipal Advisor will abide by its fiduciary duty to you and provide unbiased and independent advice as required by the MSRB.

Disclosure of Information Regarding Legal Events and Disciplinary History

GCI recommends potential clients to undertake its own evaluation of GCI's regulatory history, professional qualifications, and other material issues. Such information, whether material or not, must be reported on Form MA and/or MA-I filed with the SEC. There are no recent changes made on any Form MA or Form MA-I, which are available and can be viewed on the SEC's EDGAR system website at <http://www.sec.gov/edgar/searchedgar/companysearch.html>.

Disclosure Relating to Issuing Bonds

As with any issuance of debt, your obligation to pay principal and interest when due, will be a contractual obligation that will require that these payments be made no matter what budget restraints may be encountered. Your failure to pay principal and interest when due, could cause you to be in default. A default may negatively impact your credit ratings and may effectively limit your ability to publicly offer other debts at market rate levels.

Please be aware of the following basic aspects of the Bonds:

Fixed rate debt is an interest-bearing obligation that contains rates specified at closing and will not change while the bonds are outstanding. Maturity dates are fixed at the time of the closing and may include serial maturities (specified principal amounts are payable on the same date each year until final maturity) or a term maturity (specified principal amounts are payable on each term maturity date) or a combination of serial and term maturities. Interest on fixed rate bonds is typically paid semiannually at a stated fixed rate or rates for each maturity.

Revenue bonds are a debt obligation secured by a pledge of incomes and revenues (fees, rates or rentals). You pledge to use the lawfully available net revenues of the fund or funds in the manner as described in the documents related to issuance for the repayment of the Bonds.

The Bonds will be offered as federally taxable obligations.

It is recommended that you consult with bond counsel on such tax matters related to the issuance of the Bonds.

Disclosure Concerning the Term of Engagement

The Term of Engagement is effective on the execution date of the document that employed GCI as your appointed municipal advisor and ends upon the closing and delivery of the Bonds. The Engagement may be terminated with or without cause by either party. A written notice must be delivered to the other party, specifying the effective date of the termination.

Acknowledgement

We must seek your acknowledgement that you have received this Letter. Accordingly, please acknowledge receipt of this Letter on in the space provided below. If you are not authorized to execute this Letter, please notify GCI immediately so the correct individual may be contacted. Please let us know if you have any questions or concerns.
