MDOT have received a permit request from an adjacent landowner to make certain improvements to MDOT Rights of Way adjacent to their property. As stated in Mississippi Code 65-1-75:

*“The municipality shall have full control and responsibility beyond the curb lines of any designated highway or street, whether heretofore or hereafter so designated, (except the interstate system) located within its present or future expanded municipal corporate limits, regardless of the ownership of the right-of-way, including but not limited to, the construction and maintenance of sidewalks, grass mowing and drainage systems; however, the department may utilize the right-of-way purchased by the commission without any additional cost or permission.”*

With this statute in mind, MDOT would like to give the municipality the opportunity to comment on proposed encroachment within their maintenance area. Please review the attached permit application and if the municipality is in agreement with accepting future maintenance of this encroachment please mark accordingly below.

The City of \_\_\_\_\_ does authorize and accept future maintenance of the proposed encroachment on MDOT ROW within corporate municipal limits in accordance with Mississippi Code 65-1-75.
