This permit becomes null and void if work or construction authorized is not commenced within six months, or if construction or work is suspended, or abandoned for a period of six months at any time after the work is started. The City of Tupelo Development Code Section 5.11.1 (a) states that "A building permit shall expire one year from the date of issuance. The permit may be renewed prior to expiration at no cost."

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other State or City law regulating construction or performance of construction nor does it nullify any private covenants, deed restrictions, or other restrictions running with the title to the property upon which construction is allowed.
