To Whom It May Concern,

Westlake Corporation, the manufacturer of the Accu-Tab® Tablet Chlorination System and Acid Rite® pH Adjustment systems distributes these systems through a network of authorized Specialists. By selling through a network of authorized Specialists, Westlake's intention is to supply each end use customer with a qualified local supplier to service the equipment and supply Accu-Tab® Blue SI and Acid Rite tablets readily.

Memphis Pool Supply, Inc is the authorized Westlake Accu-Tab® Chlorination System Specialist for west Tennessee from the Tennessee River east to the Mississippi river. Their coverage includes counties in north eastern Arkansas, southern Missouri and forty-one counties in north Mississippi, including Lee county. Memphis Pool Supply, Inc is also the center for warranty and replacement parts for Accu-Tab® Chlorination Systems and Acid Rite pH Adjustment Systems within the same region.

The Accu-Tab Chlorination System Includes:

- Accu-Tab® Chlorinators
- Accu-Tab® Blue SI Tablets – NSF 50 listed when used in conjunction with Accu-Tab® Chlorinators

The Acid Rite Water pH Adjustment System Includes:

- Acid Rite® Feeders
- Acid Rite® Tablets – NSF 50 listed when used in conjunction with Acid Rite® Feeders

The use of any other tablets in an Accu-Tab® or Acid Rite® feeder will void the warranty, NSF certification, and also cause inadequate or over chlorination or pH adjustment due to variation in dilution rate.

If you have any questions, please don't hesitate to call me at (412) 638-1243.

Thank you,

Mike Gard
