

CHAPTER 8-9. GOLF CARTS¹

Sec. 8-9-1. Purpose.

The purpose of this chapter is to provide a means of travel that is not only convenient and safe, but conserves resources and protects the environment. Golf carts, if properly used, are an effective way to travel for short distances within the city. However, to ensure the public safety and welfare, the operation of golf carts must not only comply with normal regulations regarding vehicles, but should comply with special safety regulations intended to protect the operator and passengers in a vehicle that is primarily designed for operation on a golf course or for recreational purposes. This chapter establishes the basic, minimum standards of care to be used by the operators of golf carts on public roads, streets and highways. Likewise, the public safety requires that golf carts, used as a means of transportation, must also meet certain minimum safety standards that can only be assured through a system of registration and inspection. The registration and inspection of golf carts is required in order to protect the public health, safety and welfare.

Sec. 8-9-2. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:

Sec. 8-9-3. Applicability.

- A. The operation of golf carts is not subject to the provisions of this chapter under the following circumstances: the operation of golf carts at golf courses, private clubs or on private property, with the consent of the owner.
- B. The use of a golf cart in connection with a parade, a festival or other special event is still subject to all provisions of this chapter. Additionally, consent from the coordinator of any event is required for use at and/or during the event.

Sec. 8-9-4. License required.

No person who is less than 16 years of age or who does not have a valid driver's license issued by the State of Wisconsin or another state may operate a golf cart on any public street within the city. For purposes of this section, a learner's permit shall not be considered as a valid driver's license nor shall any license that has been suspended or revoked for any reason, temporarily or otherwise, be considered as a valid driver's license during the period of suspension or revocation.

Sec. 8-9-5. Registration.

To evidence the registration, the owner shall be issued an annual permit, which shall be displayed in a prominent, visible place on the rear fender of the golf cart or at such other place as may be approved by the police department. The permit may contain a registration number assigned for the particular golf cart and may contain an expiration date.

- B. *Registration fee.* An annual registration fee, as may be established and adopted by the city council and amended from time to time, shall be paid to the city at the time the application for registration is filed with the Two Rivers police department or for any permit renewal.
- C. *Application.* The application for registration shall be made to the Two Rivers Police Chief, or to some other person designated, on forms provided by the city. The application may, among other things, require the owner's name, street address, mailing address, a phone number, the make, model and identification or serial number of the golf cart, proof of insurance and such other information as may be reasonably required, as well as a release of the city from liability for any accidents involving the registered golf cart and an agreement to indemnify and hold the city harmless from any claims arising from any such use/operation.
- D. *Inspection.* Prior to issuing the initial registration permit or any renewal thereof, the golf cart shall either be inspected or, in place of inspection, the Two Rivers police department may require photographs/video submitted of the golf cart, to determine that:
 - (1) The golf cart is equipped with at least two red rear reflectors to the rear of the cart and those reflectors are at least three inches in height and width;
 - (2) The golf cart is equipped with a reflective slow-moving sign or flag on the rear of the cart;
 - (3) The brakes provided by the manufacturer of the golf cart are in proper working order;

 - (5) The golf cart is equipped with all mechanical systems and safety equipment required by this chapter; and
 - (6) All existing manufacturer's lights are in working order, or a minimum of one headlight/taillight installed so as to not conflict with oncoming traffic's vision if not driven during daylight hours. All lighting must be capable of being observed from a distance of 500 feet.
- E. *Denial and revocation.* The initial registration of a golf cart may be denied or subsequently revoked by the City of Two Rivers if it is determined that::

Golf carts shall not be operated on the public streets of the city, except in full compliance with the provisions of this section.

- A. *Hours of operation.* Golf carts may be driven on approved public streets from 5:00 a.m. to 12:00 midnight. Golf carts may not be operated when fog, smog, smoke or other conditions reduce visibility so that the golf cart is not visible for a distance of 250 feet.
