Hello,

I own a property at 1609 16th Street. I would like to build a 26' X 80' garage for my 4 plex. Each tenant would have a 20' X 26' garage. The building code reads that I need to be 8 feet from the north property line. I would like to build it as close to the property line as you would allow. I have no problem building this garage with block . The reason being I don't want things stored behind the building and it will allow for more parking.

Thank you,

Brian Laurent
