

From Wisconsin Statutes Section 23.33(8)(e)

(e) Signs.

1. The department, in cooperation with the department of transportation, shall establish uniform all-terrain vehicle route and trail signs and standards and uniform signs and standards for the operation of utility terrain vehicles on all-terrain vehicle routes and trails. The standards may not require that any additional signs be placed on all-terrain vehicle routes concerning the operation of all-terrain vehicles or utility terrain vehicles with snow removal devices attached.

2. Except as provided in subd. 3, if a town, village, city, or county designates specific highways under its jurisdiction as all-terrain vehicle routes under par. (b) 2., the town, village, city, or county shall do one of the following:

a. Erect a sign at each point on a highway where the all-terrain vehicle route begins and at each point where the all-terrain vehicle route intersects an all-terrain vehicle trail or a highway that is not designated as an all-terrain vehicle route. The town, village, city, or county is not required to erect a sign under this subdivision at a point that is not more than one-half mile from a sign marking the same all-terrain vehicle route on the same highway.

b. Erect a sign on each highway under its jurisdiction that crosses its territorial boundary in a position to be viewed by motorists as they enter the town, village, city, or county. The signs shall alert motorists that all highways within the town, village, city, or county have been designated as all-terrain vehicle routes, except where otherwise indicated. The town, village, city, or county shall erect signs as appropriate to indicate highways that are not designated as an all-terrain vehicle route.

3. If a town, village, city, or county designates all highways under its jurisdiction as all-terrain vehicle routes under par. (b) 2., the town, village, city, or county may erect a sign on each highway that crosses its territorial boundary in a position to be viewed by motorists as they enter the town, village, city, or county. The signs shall alert motorists that all highways under the jurisdiction of the town, village, city, or county have been designated as all-terrain vehicle routes.

4. If a town, village, city, or county designates all highways under its jurisdiction as all-terrain vehicle routes under par. (b) 2., the town, village, city, or county may erect a sign on each highway under its jurisdiction at the point where that highway crosses its territorial boundary and enters another town, village, city, or county that does not designate the highway as an all-terrain vehicle route. The signs shall be in a position to be viewed by motorists and all-terrain vehicle operators as they leave the town, village, city, or county and shall alert motorists and all-terrain vehicle operators that the all-terrain vehicle route designation has ended.

5. If a town, village, city or county designates highways under its jurisdiction as all-terrain vehicle routes under par. (b) 2., the town, village, city, or county may designate a preferred route and erect signs marking the route.

6. If a town, village, city, or county erects and maintains signs under subd. 3., the department may not require the town, village, city, or county to erect any additional signs marking the all-terrain vehicle routes within the town, village, city, or county.

Language applies if City were to allow ATV's and UTV's on specific streets (i.e., not every street)

Language applies if City were to allow ATV's and UTV's on ALL streets
