Dear Amanda and the Two Rivers City Council,

We are requesting a waiver from City Ordinance 925 regarding loud and unnecessary noise. Specifically, we seek permission to exceed standard limits for both sound levels measured in dBA and any vibrations resulting from sound production.

This waiver is requested for an event on September 13th, 2025, between the hours of 4:00 PM and 10:00 PM, at 4317 Tannery Rd, Two Rivers. The event is a birthday party, and we have a band scheduled to perform from 5:00 PM to 9:00 PM.

We respect our neighbors and are mindful of noise levels, particularly as the evening progresses. Events of this nature are rare for us, occurring only once or twice a year, and we strive to minimize any disruption to the neighborhood.

Thank you,  
Megan & Tom
