1940 SR-74	FC Development Authority	0725-027	AR (Unincorporated)	BTP (Incorporated)	Community Gateway	27.48 ac.		

SUMMARY & HISTORY

The **Fayette County Development Authority** has put forward the annexation of two properties, 2044 SR-74 and 1940 SR-74, as well as the rezoning of three additional properties: 2008, 1980, and 1960 SR-74. All properties have been petitioned **to be rezoned BTP (Business Technology Park)** with a proposed conceptual development plan consisting of two (2) 252,300 s.f. **data processing centers**.

Due to the square footage, this proposal has triggered a Development of Regional Impact (DRI) which is currently under review by the Atlanta Regional Commission (ARC) and the Georgia Regional Transportation Authority (GRTA). The methodology documentation for this DRI have been included and outline **total number of trips at 500 ADT** with an approximate **60 gross trips at the AM Peak** hour and **50 gross trips at the PM peak** hour. This low trip generation has qualified the project for an expedited DRI review which will be complete before the Town Council hearings for these items.

Staff **recommends approval** of the annexations and Rezoning with the **following conditions: 1) The project incorporate any major DRI recommendations. 2) All properties be replatted to be combined within 180 days of council approval. Planning Commission unanimously recommended approval of the annexations and rezonings.**

COMPREHENSIVE PLAN & FUTURE DEVELOPMENT MAP COMPATABILITY

This petition **is consistent with the Town’s Comprehensive Plan** and future development map. The Future Land Use designation for this property is **Community Gateway** which **encourages BTP zoning north of the Jenkins Rd. intersection**. The development strategy aims to limit access points along SR-74 and **encourage traffic flow on the corridor**. Developments shall *“be identified by the development community as high-value properties that can contribute to the Town’s local economy. . . consistent with the Fayette County Development Authority’s standards.”* The project, as proposed, conserves a major percentage of the overall land area of the combined site and incorporates an internal connection from Thompson Road to Kirkley road satisfying both the conservation and traffic management strategies in the Comp Plan.

ORDINANCE COMPATABILITY

This petition **is consistent with the Town’s zoning ordinance**. The BTP zoning classification serves as the conduit for business/employment centers or technology parks in a planned setting. The district is intended to promote an environment conducive of technology, manufacturing, research park, and other high-tech professional uses that promotes economic investment, grows the local economy, and reinforces the local commercial tax digest. Structures shall not exceed a 300,000 s.f. footprint and the conceptual development plan, as submitted, does not show deviation from ordinance requirements. The proposed buildings do not exceed the maximum footprint allowance and are shown to be located over 100' from SR-74 in conformance with our ordinance requirements. Traffic management provisions from the overlay have been incorporated as has a focus on land preservation as shown on the conceptual development plan. **Future site plan, landscape, and architectural submissions shall conform to the Quality Growth Overlay requirements.**

Land Use and Zoning

<p><u>Existing Zoning</u></p>	<p>Light Industrial (M-1) (Town of Tyrone), Office Institutional (O-I) (Town of Tyrone), Agricultural Residential District (A-R) (Town of Tyrone and Fayette County), Single-Family Residential District (R-40) (Fayette County), and Agricultural Zoning District (AG-1) (City of Fairburn), Highway 74 Overlay District</p> 
<p><u>Future Land Use Map Zoning:</u></p>	<p>Community Gateway (Town of Tyrone) and Rural Residential (City of Fairburn)</p> 
<p>Land Use Vision & Goals:</p>	<p>The Town of Tyrone Comprehensive Plan 2022 5-Year Update states that Community Gateway allows developments north of the intersection of SR 74 and Jenkins Road to have light industrial uses under a business technology park zoning. The properties in the Community Gateway zoning should help to contribute to the local economy as well as provide “high-paying jobs” that align with Fayette County Development Authority’s standard.</p>
<p>Relation to Existing Land Use Plans:</p>	<p>The site is currently zoned for a variety of uses. The rezoning will have the site zoned as business technology park land use and a data center will comply with the business technology park land use.</p>
<p>Chattahoochee River/ Metropolitan River Protection Act</p>	<p>N/A</p>

Alternative Mode Access

Existing Alternative Transportation Map

Bicycle and Pedestrian Context

Description of Existing Infrastructure

Bicycle	No bicycle facilities provided along site frontage.
Pedestrian	Sidewalks are provided along Westbourne Drive and New Castle Lane and provided intermittently along Joel Cowan Parkway (SR 74) and Bohannon Road. No sidewalks are provided along the site frontage.

Sidewalk & Streetscape Ordinance Standards

Town of Tyrone Code of Ordinances – Section [109-148](#). (General Requirements)

If a proposed development includes land that is zoned for other than single-family residential, the development shall be subject to all the requirements set forth in the zoning ordinance and shall be subject to all the requirements of this chapter, other applicable town regulations, and shall conform to the goals and objectives established in the town's land use plan. The following principles and standards shall be observed:

- (1) Proposed industrial parcels shall be suitable in size and shape to the types of industrial development anticipated.
- (2) Street rights-of-way and pavement shall be provided in accordance with town specifications.
- (3) The town engineer may, with the approval of the town council, impose additional requirements regarding design and construction of streets, curbs, gutters, cart paths and **sidewalks**.
- (4) Every effort shall be made to protect adjacent residential areas from a potential nuisance created by a proposed commercial or industrial development including provision of extra depth in parcels backing up to existing or potential residential development and provisions for permanently landscaped screening when necessary.
- (5) For any structure proposed within the 74 Quality Development Corridor the developer must first obtain a certificate of appropriateness from the town council. To obtain this certificate the following procedures must be followed:
 - a) Prior to submission of a concept site plan the developer must present the project to the town council for review and approval. The developer should provide sufficient information to show how this proposed development relates to its surrounding environment to ensure visual continuity and how this development will, if approved, be in compliance with the quality growth development district special requirements as contained in the town zoning ordinance.
 - b) Once the project has obtained a certificate of appropriateness the developer shall follow the procedure in section [109-149](#) with the exception that the conceptual site plan will be approved by the town council

Trip Generation & Adjustments

Trip Generation Inputs

- ITE Trip Generation Manual Used
- ITE Land Use Code(s)
- ITE Independent Variable Inputs for each Land Use Code
- Day & Time of Day of ITE Surveys
- ITE Trip Generation Formula Used

LUC	Land Use	Ind. Variable	Type	DAILY	AM	PM
				Weekday	Weekday, Peak of Adj. Street Traffic	
					7AM-9AM	4PM-6PM
160	Data Center	Per 1,000 SF	Total	0.99x 50% In/50% Out	0.13x-5.63 55% In/45% Out	0.11x-5.65 30% In/70% Out

**All rates and equations listed are from the ITE Trip Generation Manual, 11th Edition.*

Trip Generation Calculation Alternative Approaches

Gross Trip Generation Summary Table:	Daily	AM Peak	PM Peak
Gross Trips	500	60	50
Alt. Mode	-0	-0	-0
Mixed Use	-0	-0	-0
Pass-by	-0	-0	-0
Net Trips	500 (250 in; 250 out)	60 (33 in; 27 out)	50 (15 in; 35 out)

- See **Attachment A** for a full trip generation table shown by land use and peak.

Trip Generation Reductions

Existing Square Footage to be demolished/redeveloped

- N/A

Alternative Mode Reduction

Contributing Factors

Summary of Existing and Proposed Bicycle / Pedestrian / Transit

- Pedestrian facilities will be provided internal to the development.

Parking Requirements

Land Use	Min
Industrial	113 1 per 4,500 SF

Alternative Parking Provided (e.g., car share, vanpool, etc. If applicable)

- N/A

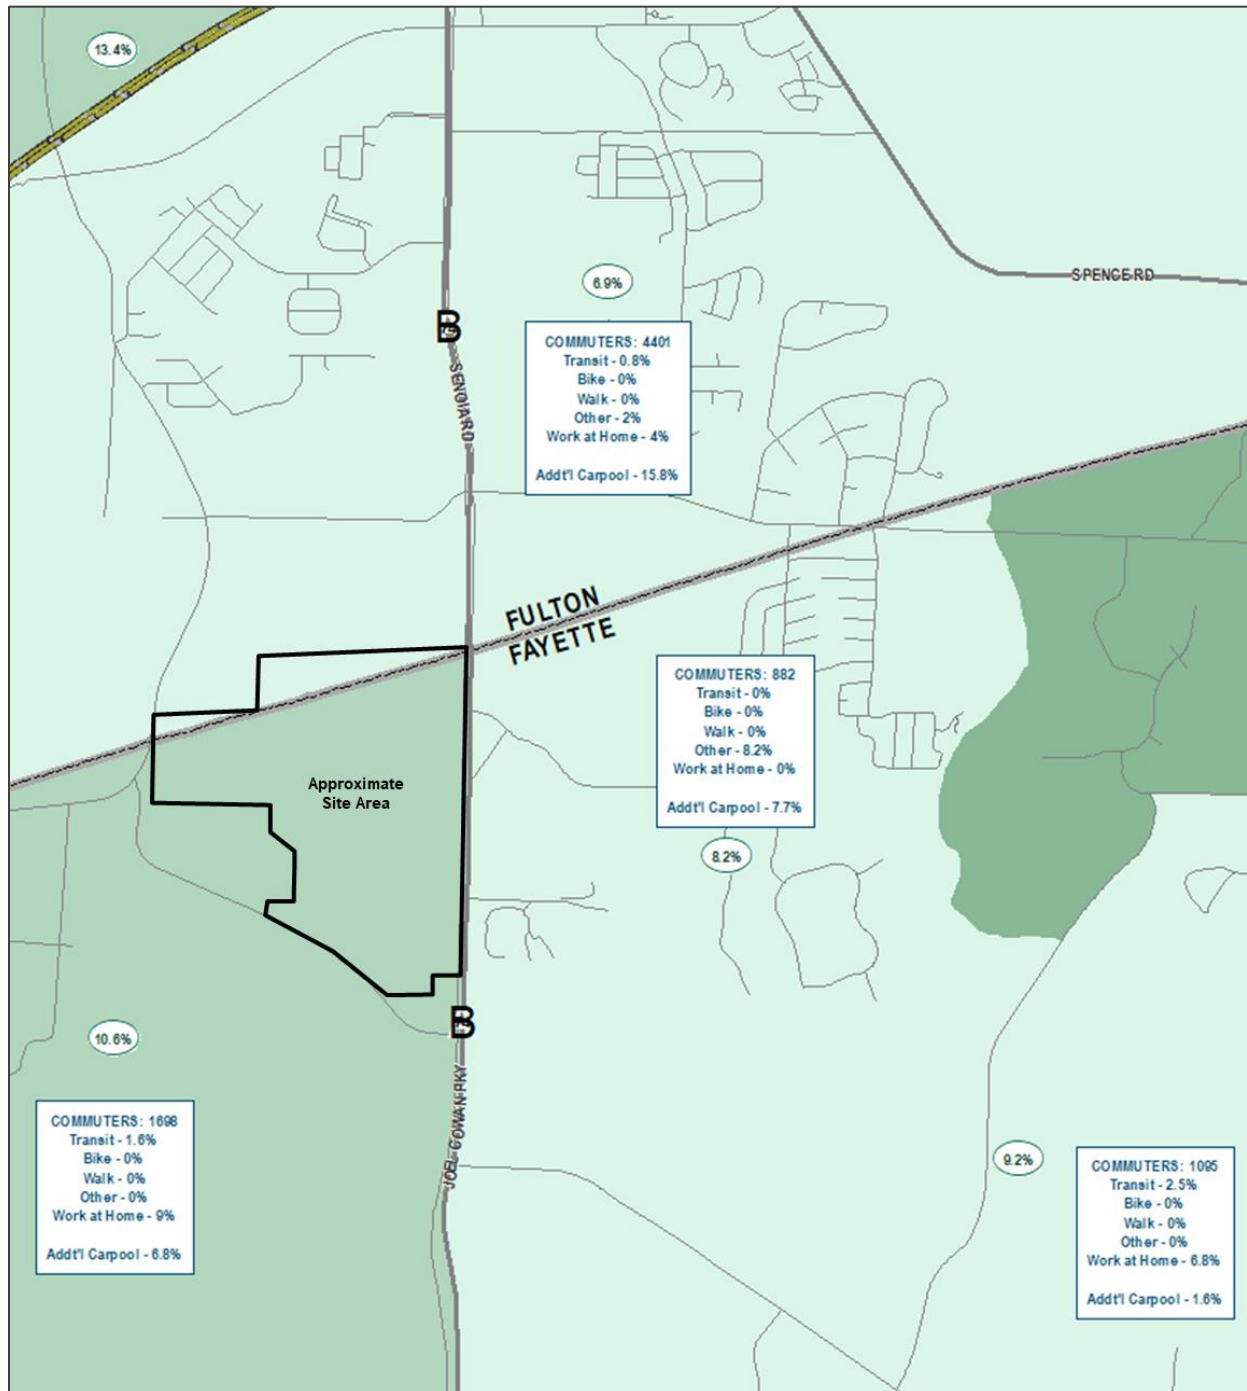

Affordable Housing

- N/A

Transportation Demand Management

- N/A

Supplemental Commuter Data

Proposed Reduction Percentage

- 0% (no reduction is proposed).

Proposed Reduction Justification Explanation

- There are currently no consistent sidewalks for pedestrians to travel and there are no bike lanes or alternative public transportation in the vicinity of the development.

Internal Capture / Mixed Use Reduction

- Only one land-use on site, no mixed-use reduction is proposed.

Pass-by Trips Reduction

Proposed Pass-by Trips Table:

- N/A

Draft Schedule

DRI Phase I – Methodology	
Rezoning Application filed	October 13, 2023
DRI Form 1 submitted by Town of Tyrone	October 27, 2023
Town of Tyrone Requests the DRI Pre-Review/Methodology Meeting	January 16, 2024
Pre-Review Meeting Packet circulated to Town of Tyrone (1 week prior to meeting)	February 5, 2024
Pre-Review/Methodology Meeting at ARC’s office (TEAMS Call) with GRTA, ARC, GDOT, and Town of Tyrone	February 12, 2024*
GRTA issues the "Letter of Understanding" (LOU) that outlines the full scope of the Transportation Analysis.	February 19, 2024
DRI Phase II – Transportation Study	
Proceed with Phase II per GRTA LOU.	February 19, 2024
Town of Tyrone submits DRI “Form 2”	February 19, 2024
Full DRI Package (Trip Generation Memo and Site Plan) is submitted to GRTA and ARC for review.	February 20, 2024*
ARC opens their review (Preliminary Report)	February 26, 2024
GRTA issues the “Report and Staff Recommendations”	March 1, 2024
Meeting at GRTA’s office to discuss the GRTA proposed conditions.	Week of March 4
ARC issues their “Final Findings”. **	March 13, 2024
GRTA issues the “Notice of Decision” (NOD). **	March 12, 2024
DRI Complete - Local jurisdictional action can occur	March 13, 2024

*A delay with this date will result in a delay in all subsequent dates that follow.

**Assumes a 25-calendar day ARC review, and an approximate 15-business day GRTA review (excluding state holidays)

Important Meeting Dates:

- March 5 – City of Fairburn Planning Commission
- March 14 – Town of Tyrone Planning Commission
- April 2 – City of Fairburn Planning Commission
- April 11 - Town of Tyrone Planning Commission
- May 7 – City of Fairburn Planning Commission
- May 9 - Town of Tyrone Planning Commission

Project Description:

The proposed project is approximately 1.4 miles along SR 74 from City Lake Road to Milam Road. The project includes the modification of the SR 74 and 1-85 interchange to a partial clover leaf, with loop ramps in the southwest and northeast quadrants. Both bridges on SR 74 over 1-85 will be replaced.

Detailed Description and Justification

This is an interchange reconstruction to reduce congestion and provide capacity to the I-85 @ SR 74. The project involves adding turn lanes at the ends of the exit ramps and widening the SR 74 bridge to include turn lanes. The interchange will be a partial cloverleaf design as recommended in the Interchange Modification Report (IMR).

2023 SPLOST Transportation Corridor Improvements, New Road Construction and Capacity Projects

Project Cost Estimate:
Operations
Improvements to
Sandy Creek Road and
Tyrone/Palmetto Road.
\$2,500,000

As part of the 2017 SPLOST program, Fayette County completed Corridor Studies along Tyrone Road and Sandy Creek Road. Funding from this project category will implement select recommendations from the studies. Project may include intersection improvements, addition of auxiliary turn lanes, horizontal and vertical curve improvements, build-out of shoulders and clear zones, addition of guard rail, etc. Safety and operational improvements are needed along both roads to address existing and future development in the central part of the County.
