

Waller County Road and Bridge Foot Protection Guidance

Foot Protection Requirement

Footwear must conform to the following:

- 75-pound compression rating
- Electrical Hazard (EH) under current requirements of the ASTM F-2412
- Electrical Hazard (EH) under current requirements of the ASTM F-2413
- 29CFR 1910.136
- 29CFR 1926.96

Footwear Usage

- On the right of way or road surface
- In shops or warehouses
- During material-handling or mowing operations
- During any type of activity or in any environment that would increase the likelihood of foot injury
- Footwear shall be worn as designed and intended.

Foot Protection Reimbursement

A foot protection purchase, that meets the requirement above, may be eligible for reimbursement up to \$150. The employee must submit a reimbursement form along with their receipt to receive payment. Waller County may reimburse an employee for one pair of footwear every two years.
