NO ENERGY COMPANY BOYCOTT CERTIFICATION

Effective September 1, 2021, a Texas governmental entity may not enter into a contract with a value of \$100,000 or more that is to be paid wholly or partly from public funds with a company (excluding a sole proprietorship) that has 10 or more full-time employees for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott energy companies currently; and (2) will not boycott energy companies during the term of the Contract. NO DISCRIMINATION AGAINST FIREARM AND AMMUNITION INDUSTRIES CERTIFICATION

Effective September 1, 2021, Chapter 2274 of the Texas Government Code provides that a Texas governmental entity may not enter into a contract with a company (excluding a sole proprietorship) for the purchase of goods or services unless the contract contains a written verification from the company that it (1) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association, and (2) will not discriminate during the term of the contract against a firearm entity or firearm trade association. (Tex. Gov't Code §2274). Accordingly, this certification form is included to the extent required by law.

"Discriminate against a firearm entity or firearm trade association" means, with respect to the entity or association, to (1) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (2) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (3) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association. The phrase does not include (1) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (2) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship:

- (a) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or
- (b) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association.

"Company" means a for-profit organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of those entities or associations that exists to make a profit.

By signature below, I certify and verify that Vendor does not discriminate against firearm and ammunition industries; that this certification is true, complete, and accurate; and that I am authorized by my company to make this certification.

A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Re: Letter of Recommendation

Greetings:

Since 1999, I have worked in 6 states on hundreds of road and bridge construction and maintenance projects with numerous agencies and dozens of contractors. Larry Young Paving is one of the foremost Texas road and bridge construction contractors I have worked with during the past 5 years I have served as an inspector for Brazos County Road and Bridge.

LYP excels in many areas, but two are noteworthy. First, it is very clear that Larry Young Paving puts an emphasis on putting capable people with good character into leadership positions as superintendents, project managers, and supervisors. This emphasis makes the execution of projects more efficient, timely, and harmonious. Secondly, Larry Young Paving is a quality-oriented contractor. This fact means better roads with fewer maintenance issues are the final product. I personally have inspected 2 roadway rehabilitation projects that LYP constructed from 2023 to 2025 in Brazos County (Peach Creek Cutoff Road and IGN), and LYP's excellency in both areas were clear to me on a daily basis. I am happy to recommend them as a road and bridge construction contractor.

Re: Letter of Recommendation

To Whom It May Concern,

I am pleased to recommend Larry Young Paving as a quality contractor. We have designed several projects Larry Young Paving has constructed in the Brazos Valley for TxDOT and the Cities of College Station and Bryan, totaling over \$40 million in construction costs. These selections were made through either low bid or competitive sealed bids.

As the Engineer of Record, I have worked closely with Larry Young Paving during the construction phase services. Their leadership and construction managers have consistently demonstrated responsiveness and a collaborative approach, striving for win-win outcomes. They have handled change orders and field updates fairly and reasonably, avoiding unnecessary debates.

Furthermore, warranty walkthroughs have not revealed significant issues, underscoring the quality of their work. Larry Young Paving has been a reliable and professional partner, and I am happy to recommend them. Please feel free to contact me if you have any questions.

Sincerely,
