NOW THEREFORE, the Parties mutually agree as follows:

1. DEFINITIONS

1.2 "Agreement Term" means the period beginning on the Effective Date and continuing through December 31, 2029.

1.3 "Ad Valorem Tax," whether or not capitalized, means a tax assessed according to the value of property.

1.4 "Base Year Value" means the assessed value of the property the taxes of which will be abated under this Agreement as of January 1, 2026.

1.5 "Building" means the approximately 589,347 square foot facility that will be constructed by IDV on the Premises, which is described on Exhibit B.

1.6 "Effective Date" means the date of the last signature affixed hereto.

1.7 "Improvements" means the Personal Property Improvements together with the Real Property Improvements.

1.8 "Inventory" means taxable personal property that is held for sale in the ordinary course of a trade or business

1.9 "Personal Property Improvements" means the personal property that can be removed from a building without destroying or changing the building, and includes any machinery or equipment that may be bolted to the floor, but has a shorter life span than the building and is used in the primary line of business as designated by the qualifying business type set in the Waller County Policy.

1.10 "Premises" means the parcel of land owned by IDV in the Reinvestment Zone in Waller County, Texas, the legal description of which is shown on Exhibit A.

1.11 "Project" means the development of the Premises for industrial warehouse and/or manufacturing purposes and the construction and/or installation of the Improvements.

1.12 "Real Property Improvements" means the Building and any other parking areas and any fences attached to the land and as shown on Exhibit B.

1.13 "WCAD" means the Waller County Appraisal District.

1.14 "Year," whether or not capitalized, means a calendar year beginning on January 1st and continuing through December 31st.

2. THE PROPERTY

2.1 The "Premises" is the 31.195-acre parcel of land having address 1416 Backstretch Drive, Brookshire, Texas 77423, identified as Reserve A and legally described on Exhibit A. IDV is the owner of the Premises. The Premises is located within a qualifying Reinvestment Zone pursuant to Texas Tax Code Chapter 312.

2.2 The Building is the approximately 589,347 square foot facility that will be constructed on the Premises, and is described on Exhibit B. The Building will be constructed and owned by IDV.

3. THE TAX ABATEMENT

3.1 Tax Abated: The ad valorem property taxes on the increased taxable value of the Improvements above the Base Year Value shall be abated during the Abatement Period at the rate identified in Section 3.2, Tax Abatement Percentages.

3.2 Tax Abatement Percentages: The ad valorem taxes shall be abated only for the increased taxable value of the Improvements over the Base Year Value in an amount equal to the percentages listed below:

Tax Abatement Year	Percentage of Tax Abated
Year 1 (2028)	100%
Year 2 (2029)	100%

3.3 Appraisal: It is understood and agreed between the parties, that beginning Year 1 of the Abatement Period and continuing each year thereafter, as provided in law, the Premises, Building and any and all other Improvements shall be appraised by the Waller County Appraisal District. The appraisal shall be the market value of the property effective January 1 of each tax year, including the value of any partially completed Improvements.

3.4 Appraisal Protest: IDV shall have the right to protest any appraisals of the Building, Premises, Improvements, or any portion thereof, during the Agreement Term. Nothing in this Agreement shall affect the entity's right to protest and/or contest any taxes assessed on the Building, Premises, Personal Property Improvements, or any other improvements, and the abatement percentages shall be applied to the amount of taxes finally determined to be due as a result of any such protest and/or contest.

3.5 Effect of Appraisal Protest: If IDV protests the certified appraised value of the Improvements, and the certified appraised value is reduced to an amount below the investment value stated in Section 4.1 as a result of the protest, then the percentage of the abatement granted herein will be proportionately adjusted downward based on the difference between the investment value stated in Section 4.1 and the new certified appraised value expressed as a percentage rounded to the nearest whole number. For example, if the specified investment value is $1,000,000.00, and a protest results in a 6.6% reduction of the property's certified appraised value to $934,000.00, then the percentage of the tax abatement granted under this Agreement for the protest year would be decreased by the same percentage rounded to the nearest whole number. Therefore, the Tax Abatement Percentage would be reduced by 7%. This reduction does not apply if, as a result of a protest, the certified appraised value is reduced to an amount that is still above the investment value stated in Section 4.1. The reduction only applies to the property for which the certified appraised value is reduced.

3.6 Taxes Not Abated: This Agreement does not abate the taxes for the underlying land, inventory, or supplies. This Agreement does not abate taxes for tangible personal property, unless such property is specifically identified as an Improvement. **This Agreement does not abate taxes for any tangible personal property located on the real property at any time before the commencement of the Abatement Period.** IDV shall be subject to taxation on all real and personal property not abated or otherwise exempt.

4. COMPANY PERFORMANCE OBLIGATIONS

4.1 Investment: IDV shall invest, or cause to be invested, a cumulative amount of at least **THIRTY-TWO MILLION ONE HUNDRED THOUSAND DOLLARS ($32,100,000.00)** into the Project by December 31, 2028.

4.2 Real Property Improvements: IDV shall construct the Real Property Improvements described in Exhibit B by the end of Year 1 of the Abatement Period.

4.3 Improvement Quality: IDV shall ensure that the Improvements are diligently and faithfully undertaken and completed in a good and workmanlike manner. The Improvements shall comply with all applicable federal, state, and local laws and regulations, including but not limited to: Texas Commission on Environmental Quality regulations, Waller County regulations and any applicable municipal regulations, building codes, ordinances, flood, subdivision, building, electrical, plumbing, fire, and life safety codes and regulations, current and as amended.

4.4 Premises Occupation: IDV shall, by the end of Year 1 of the Abatement Period referenced in Section 9, and until the expiration of the Abatement Period, successfully complete construction, and seek to rent or sell the Building and Premises as an industrial warehouse or manufacturing facility. IDV shall not change the principal use of the Premises or Building without prior written approval from the Commissioners Court.

4.5 Premises Maintenance: IDV shall maintain the Building and Premises, and any other constructed improvements on the Premises in good repair and condition during the Agreement Term, and shall operate them in compliance with applicable health and safety laws and local regulations.

4.6 Records: IDV shall maintain written and/or digital records and supporting documentation relating to and sufficient to reasonably determine the amount of the required investment into the Building and Premises, and shall maintain these records for the Agreement Term. IDV, upon a five (5) business day prior notice by the County, shall validate compliance with the terms of this Agreement by allowing the County to review records and documents that are directly related to its obligations under this Agreement. The County's inspection shall be for the sole purpose of verifying the information contained in the compliance certifications due pursuant to Section 4.11. The County's review must be done during normal business hours, and no more than once per calendar year. The County shall not be permitted to photocopy any documentation during the inspection. The County agrees it will make best efforts not to interrupt IDV business with such inspections.

4.7 Required Forms: IDV acknowledges its responsibility to file, as applicable, Forms 50-116, 50-141, 50-142, 50-144, the Waller County Tax Abatement Compliance Certification Form, and/or any other reasonably required documentation to verify personal property values and continued compliance for the granted tax abatement to the Waller County Appraisal District annually during the Abatement Period for so long as the law requires annual filing. The forms shall be timely filed in accordance with applicable law, and in no event filed later than the final extension allowed by law. Failure to do so and cure such default within thirty (30) days after receipt of notice of the same will result in the termination of this Agreement.

4.8 Compliance Certification: IDV shall, before the required deadline of each year, annually provide written certification that it is in compliance with its obligations under the Agreement, and submit the Waller County Tax Abatement Compliance Certification Form to the WCAD, along with any additional information requested by WCAD.

4.9 Right of Access: IDV agrees that both the County and the WCAD shall have the reasonable right of access to the Premises and Building by their employees or agents after two (2) business days prior written notice to inspect the Improvements to ensure that the Improvements have been made or are being made in accordance with this Agreement. After completion of the Improvements and during the Abatement Period, the County shall have the continuing right of reasonable access to ensure that the Premises and Building are thereafter maintained and operated in accordance with this Agreement. The County agrees (i) to give IDV written notice of its intent to inspect the Premises and Building at least two (2) business days prior to such inspections, (ii) that such inspections shall be during normal business hours, and (iii) IDV shall be permitted to have a representative accompany the County's representative(s) at all times during such inspections. Inspections under this section are independent of any of County's other applicable authority to inspect for purposes of insuring compliance with applicable codes or ordinances. The County's inspections, if any, shall not constitute an acknowledgment or certification to IDV or any third party, that IDV complied with applicable federal, state, or local laws or regulations.

4.10 Relocation or Business Cessation: IDV must provide the County thirty (30) days prior written notice if it relocates or ceases business activities. In the event of relocation or business cessation, unless IDV provides credible evidence to clearly indicate the date of relocation or business cessation, the County's determinate of a date of relocation or cessation shall be final and conclusive.

4.11 No Delinquent Taxes: IDV shall not allow the ad valorem taxes due on any property it owns in Waller County, Texas, whether or not the property is subject to this Agreement, to become delinquent, provided that it is entitled to the appraisal protests provided for in Section 3.

4.12 No Decrease: IDV understands and agrees that, notwithstanding the tax abatement granted under this Agreement, the amount of taxes due for the Premises or Building for any year during the Abatement Period will not be less than what was due to the County for the property's Base Year Value.

5. TERMINATION, DEFAULT, AND RECAPTURE

5.1 Automatic Termination: This Agreement terminates upon complete performance of the terms and conditions of the Agreement by both Parties, upon the expiration of the Abatement Period, whichever occurs first, or otherwise in accordance with its terms.

5.2 Termination by Owner: This Agreement may be terminated by IDV if it elects not to proceed with the project before the Abatement Period commences.

5.3 Termination and Recapture by County: The County may terminate this Agreement for the default of the other party.

5.4 Default: Default occurs when a party fails to perform their obligations in accordance with the Agreement. It includes, but is not limited to:

a. IDV fails to make the investment specified in Section 4.1;

b. IDV fails to complete or install the Improvements substantially as identified in Exhibit B;

c. IDV fails to timely file the applicable required forms with the State Comptroller or WCAD during the Abatement Period, and for so long as the law requires;

d. IDV becomes delinquent on any taxes owed to any taxing unit located in whole or in part in the County, including the County, without timely and properly following the legal procedures for protest and/or contest of any such taxes;

e. During the Abatement Period, IDV operates the Premises or the Building in violation of public health and safety laws, or allows the Premises or the Building, or any part thereof, to become a public nuisance, as determined by the ordinances of the County or the State of Texas;

f. IDV files any petition for bankruptcy;

g. Any breach of the terms or conditions of this Agreement.

IDV will not be entitled to the tax abatement under this Agreement for any tax year during which the party is in default of this Agreement following the expiration of the applicable cure period in Section 5.6 of this Agreement.

5.5 Notice of Default: The County shall provide thirty (30) days written notice to IDV that it is in default.

5.6 Opportunity to Cure: If a default may be cured, IDV shall have the opportunity to cure the default beginning on the day of its receipt of the written notice, and continuing for thirty (30) calendar days. If the default is not cured within the time allotted, the County may terminate the Agreement in its entirety. The cure, if made, shall be to the County's satisfaction.

5.7 Termination: If IDV defaults or fails to perform in accordance with the terms of the Agreement and fails to timely cure such default, then the County, in its sole discretion, shall have the right to terminate this Agreement in its entirety.

5.8 Recapture, Interest, and Penalty: IDV shall pay to the County any and all property taxes that were abated, if any, during the years in which it was in default. The County shall provide a written demand for the recaptured taxes, and IDV shall pay the recaptured taxes within 60 days of its receipt of the written demand. In addition, the County may charge IDV interest on any recaptured taxes, and on any other taxes delinquent at the time of termination pursuant to Texas Tax Code Chapter 33. The County will not assess a penalty under Chapter 33 of the Texas Tax Code. The parties agree that interest is not a penalty.

5.9 Bankruptcy: If IDV or any permitted assignee files any petition for bankruptcy, then this Agreement shall be deemed to have automatically terminated one (1) day prior to the filing of the petition for bankruptcy, and upon such termination, all taxes previously abated under this Agreement which have not been previously recaptured by the County shall be recaptured by the County in accordance with Section 5.3.

5.10 Other Remedies: County shall have the right to seek any remedy available at law to which it may be entitled, in addition to termination and/or recapture.

6. ASSIGNMENT

6.1 Assignment: The terms and conditions of this Agreement are binding upon permitted successors and assigns.

a. This Agreement cannot be assigned to a new person or entity without the County's written consent. Any assignment must comply with the following terms:

1. An Assignment must be publicly posted by the County for 30 days prior to the regularly scheduled Commissioners Court meeting where consent to the Assignment will be considered;
2. The assignee must explicitly accept all or assignor's obligations under this Agreement,
3. The assignor retains all of its obligations under this Agreement until the Assignment becomes effective;
4. The Assignment is executed by both the assignor and the assignee.
5. The assignor provides the County a fully executed Assignment agreement not later than ten (10) business days prior to the date the Commissioners Court will consider consenting to the Assignment.

b. IDV may assign this Agreement without prior written consent from the County if such assignment is to any entity that IDV owns, whether directly or indirectly, is controlled by, or is in common control with the transferor entity provided that:

1. The assignor gives written notice of any such assignment to the County at least thirty (30) days prior to the effective date of the assignment;

c. IDV understands and agrees that an entity must be entitled to a tax abatement on January 1 in order to claim the exemption for that tax year. If an entity is not entitled to the benefits of this Agreement on January 1 of any given tax year during the Abatement Period, then the entity may not receive the abatement for that year. The County is not responsible for ensuring that an assignment is effective prior to January 1 of any given tax year, or for ensuring that any assignee is entitled to the benefits of this Agreement. An assignee shall not be entitled to the benefits of this

Agreement unless the assignment complies with the requirements of this Section 6 prior to January 1 of the applicable tax year.

d. All future assignees shall be bound by all terms, provisions, and representations of this Agreement. The County, at its option, may require IDV to guarantee the performance and payment of the assignee under this Agreement.

7. PROPERTY CONVEYANCE

7.1 Property Conveyance: IDV shall not grant, sell, lease, or otherwise convey property subject to this Agreement, or a portion thereof, without first providing thirty (30) day written notice to the County of the intended conveyance. **If IDV fails to provide the thirty (30) day written notice, the person or entity receiving the property will not be entitled to the benefits of this Agreement, and the County, in its sole discretion, may immediately terminate this Agreement without providing IDV the Opportunity to Cure provided in Section 5.6. If the Agreement is terminated under this Section 7.1, the ad valorem property taxes on the increased taxable value of the Improvements above the Base Year Value shall not be abated for any year of the Abatement Period following the termination.**

8. MODIFICATIONS

8.1 Written Modifications: Any modifications, amendments, and/or additions to this Agreement and its Exhibits must be in a writing dated subsequent to this Agreement, and signed by all Parties. An amendment may only be approved if it is a provision that could have been included in the original Agreement, or it is to remove a provision that were not necessary to the original Agreement.
