RE: Rate Increase Notice

To Whom It May Concern;

The City of Monroe Transfer Station will be increasing its tipping fees effective January 2, 2023. The rate adjustments are due to an increase in disposal and transportation of municipal solid waste to the landfill.

The City is also requesting that an updated Waste Disposal Agreement be completed by the effective date of this rate increase. Please find attached a blank copy of this agreement which will include the new rate changes, hours of operations, and our holiday schedule.

If you should have any questions or need additional information, please contact me at 770-266-5149 or by email at [dsmith@monroega.gov](mailto:dsmith@monroega.gov).

Sincerely,

Danny P. Smith  
Solid Waste Director

DPS/dmd
