RE: Roundabout Project - Youth-Monroe Road @ Broadnax Mill Road

Proposed Total Engineering Fee:

Precision Planning, Inc: \$126,930.00

Keck & Wood, Inc: \$166,784.00

After careful consideration, I am recommending that the Walton County select Precision Planning, Inc. for the Roundabout Project at Youth-Monroe and Broadnax Mill Road. Precision Planning, Inc. has the lowest bid and I believe they meet the requirements needed to complete this project.

Sincerely,

John Allman
Public Works Director
