Will funds be used to lower overall registration fees (if so how much)?	The funds would be used to fund partial scholarships as well as full scholarships depending on the needs of the families who are unable to play.
Scholarship/Special Needs justification/anticipated impact the program will have on your community	The impact of this grant will be seen in those families that would otherwise not sign their children up for the Winter Basketball program. Funds would also be used for awards in our Walton Adaptive Sports Program Basketball leagues that currently has around 40 participants who have development or physical disabilities. Any additional funds would be used for tools, training, and resources for the volunteer coaches in our program.
Is this a new offering for your community due in part of the Hawks funding opportunity?	The WASP Basketball program is being offered for the first time this year. The funding would help provide awards and recognition to the participants. The overall basketball program has been offered by the County for 20+ years.
