**QUESTION** Jose Valerio on 7/18/2024 08:23 AM

Design Professional,

It has been coordinated that only (1) 8" sleeve for the drink machines are needed instead of the (2) 8" sleeves shown on the drawings P-1.1C. Per email correspondence this has been approved to eliminate the (1) 8" sleeve (see attached).

Please confirm direction.

**ANSWER** Aaron St Pierre on 7/18/2024 09:13 AM

We have no exceptions taken to the elimination of the identified 8" sleeve. Submit proposed change order reflecting credit for reduction of scope for review and approval by owner's representative prior to implementation of the coordinated change.

Jose,

Please put in the RFI for the removal of one (1) 8" sleeve line at building C.

Thank you,

**Isaiah Arnold**

**Subject:** Re: Drink Sleeves BLDG "C"

Good morning, Isaiah

Plumbing showed those two 8" sleeve lines for reference. If the vendor only needs one sleeve, we don't have any issues or concerns with removing the other sleeve.

Thanks,  
Barbara

Aaron / Barbara,

Looping you in on the email below from Brantley.

Let us know if you have any issues/additional comments to this sleeving for building C. I will put this in as a for record RFI to document the removal of the not needed 8" sleeve.

Thanks,

**Isaiah Arnold**  
Project Manager

**Subject:** Drink Sleeves BLDG "C"

Jody,

Thanks for taking my call today to coordinate the exact location of the underground drink machine sleeves. As discussed we will only need to install one (1) 8" sleeve instead of the 2 shown. The sleeve will daylight up at the base cabinet to the right of the machine as discussed. Please see the one (1) highlighted sleeve in the picture below, the sleeve on the left is not needed.
