

# Walton County, Georgia

## Capital Improvements Element

### 2022 Annual Update: Financial Report & Short Term Work Program

April 5, 2022 Draft  
**Revised 5.23.22**

## Introduction

This Capital Improvements Element Annual Update has been prepared based on the rules and regulations pertaining to impact fees in Georgia, as specified by the Development Impact Fee Act (DIFA) documents Development Impact Fee Compliance Requirements and Standards and Procedures Local Comprehensive Planning. These documents dictate the essential elements of an Annual Update, specifically the inclusion of a financial report and a schedule of improvements.

According to the Compliance Requirements, the Annual Update:

“must include: 1) the Annual Report on impact fees required under O.C.G.A. 36-71-8; and 2) a new fifth year schedule of improvements, and any changes to or revision previously listed CIE projects including alterations in project costs proposed changes in funding sources, construction schedules, or project scope.”  
(Chapter 110-12-2-.03(2)(c))

The Annual Update itself is based on the amended Walton County Capital Improvements Element, as adopted by the County on July 7, 2020.

## Financial Report

The Financial Report included in this document is based on DIFA, specifically:

“As part of its annual audit process, a municipality or county shall prepare and annual report describing the amount of any development impact fees collected, encumbered, and used during the preceding year by category of public facility and service area.” (O.C.G.A. 36-71-8(d)(1))

The County’s fiscal year runs from July 1 to June 30. Thus, these financial reports are based on the audits prepared for FY 2021. The required financial information for each public facility appears in the main financial tables.

## Schedule of Improvements

In addition to the financial report, the County has prepared a five-year schedule of improvements-a community work program (CWP)- as specified in the Compliance Requirements (Chapter 110-12-2-.03(2)(c)), which states that local governments that have a CIE must “upgrade their entire Short Term [i.e., Community] Work Program annually.”<sup>1</sup>

According to DCA’s requirements,<sup>2</sup> the Community Work Program must include:

- A brief description of the activity;
- Timeframe for undertaking the activity;
- Responsible party for implementing the activity;
- Estimated cost (if any) of implementing the activity; and,
- Funding source(s), if applicable.

All of this information appears in the Community Work Program portion of this document.

---

<sup>1</sup> Note the Compliance Requirements specify that the short term work program is to meet the requirements of Chapter 110-12-1-.04(7)(a), which is a reference to the STWP requirements in a previous version of the Standards and Procedures for Local Comprehensive Planning. The correct current description of a STWP is found at Chapter 110-12-1-.03(3).

<sup>2</sup> Chapter 110-12-1-.03(3).
