Disclosure of Campaign Contributions

In accordance with the Conflict of Interest in Zoning Act, O.C.G.A., Chapter 36-67A, the following questions must be answered:

Have you the applicant made \$250 or more in campaign contributions to a local government official within two years immediately preceding the filing of this application?

☐ yes ☒ no

If the answer is yes, you must file a disclosure report with the governing authority of Walton County showing:

1. The name and official position of the local governing authority in Walton County to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution was made.

This disclosure must be filed when the application is submitted.

Article 4, Part 4, Section 160 Standard Review Questions:

Provide written documentation addressing each of the standards listed below:

1. Existing uses and zoning of nearby property;

The Subject Property fronts on Hwy 81 and Lee Byrd Road adjacent to the Loganville City limits. It is in the vicinity of properties zoned both residential and commercial along Hwy 81. The property is directly across Hwy 81 from a large parcel of land recently rezoned by the City of Loganville for commercial development. Residential uses border the eastern and western boundaries of the property and a vacant property owned by a homeowners' association borders the property to the south.

2. The extent to which property values are diminished by the particular zoning restrictions;

The current zoning restricts the property to residential or agricultural uses which are not ideal for property on Hwy 81 that is not within a neighborhood. The home on the property has been vacant for four years. The proposed development is consistent with the Future Land Use Plan's designation as a Neighborhood Residential Character Area which allows B2 zonings.

3. The extent to which the destruction of property values of the plaintiffs promotes the health, safety, morals or general welfare of the public;

The proposed project will be low impact with only 5-10 customers anticipated per day. It will also be beneficial and convenient for nearby residents in the market for a used vehicle. The project does not pose a significant adverse impact to the health, safety, morals or general welfare of the public. It is also a contemplated use under the Comprehensive Plan.

4. The relative gain to the public, as compared to the hardship imposed upon the individual property owner;

Applicant's project will bring convenience to nearby residents looking to purchase used vehicles. It will also generate commercial tax revenues which will be higher than taxes generated from the current use. The current zoning is a hardship on the property owner given the limited desirability of the property for residential or agricultural uses as evidenced by the fact that the house has been vacant for four years.

5. The suitability of the subject property for the zoned purposes; and

The property is most suitable for commercial development given its location on a State highway. Residential and agricultural uses are less suitable given the noise and traffic generated on Hwy 81. The property size will accommodate the proposed use and meet all ordinance requirements.

6. The length of time the property has been vacant as zoned, considered in context of land development in the area in the vicinity of the property

Applicant purchased the property in November of 2025 at which point the house on the property had been vacant for four years.

Kristi Parr, Director
Walton County Planning Department
126 Court Street
Monroe, Georgia 30655

Re: Applicant/Owner: Ramo Manjic
Property: 4743 Hwy 81, Loganville GA 30052
Tax Parcel: C0160011
Request: Rezone property from A1 to B2 for used vehicles sales

Dear Ms. Parr:

Ramo Manjic ("Applicant") proposes to utilize a 1.22-acre property located at 4743 Highway 81, Loganville, Georgia (the "Subject Property"), to operate a used vehicle sales business. The existing residence on the property will be renovated and repurposed as a sales office. Site improvements will include the paving of forty-three (43) parking spaces for vehicle inventory and five (5) customer parking spaces. The Subject Property is currently zoned A-1.

The Subject Property is located within an area of the County that is predominantly residential, with commercial development occurring intermittently along the Highway 81 corridor. The proposed use aligns with this established development pattern and is consistent with the County's Future Land Use Plan, which designates the area as a Neighborhood Residential Character Area where B-2 zoning is permitted. The Subject Property has frontage on both Highway 81 and Lee Byrd Road, with driveway access provided from Lee Byrd Road. The property is located directly across Highway 81 from a large tract that was recently rezoned by the City of Loganville for commercial development. Residential properties adjoin the eastern and western boundaries, and a vacant parcel owned by a homeowners' association adjoins the property to the south.

The proposed business operations are anticipated to have minimal impact on surrounding property owners. Hours of operation will be limited to 9:00 a.m. to 6:00 p.m. The Applicant anticipates approximately five to ten customers per day, as most marketing, communication, and sales activities occur through online platforms. No mechanical repairs or vehicle washing will take place on the property. All vehicles offered for sale will be operational and generally no more than

300 E Church Street, Monroe, GA 30655
(678) 364-2384 www.andreapgray.com

ten (10) years old. The Applicant currently conducts vehicle purchases and sales online and seeks to use the Subject Property to expand inventory and establish a physical sales location.

Potential visual impacts will be mitigated through the installation of a six-foot wood privacy fence and full compliance with the County's lighting ordinance, which requires lighting to be directed downward and inward toward the site. The existing residence will remain in its current location and be renovated rather than replaced, preserving a familiar streetscape and providing a more compatible transition between residential and commercial uses than new construction.

Overall, the proposed development represents a low-impact commercial use that is compatible with the surrounding area. Because the Subject Property lies within the Neighborhood Residential Character Area identified on the County's Future Land Use Map, the requested rezoning from A-1 to B-2 is appropriate and consistent with County planning objectives. The Applicant respectfully requests approval of the rezoning to allow a used vehicle sales business at the Subject Property.

Please let me know if you have any questions or require additional information.

Sincerely,

Andrea Gray
Applicant's Representative

Rezoning Application

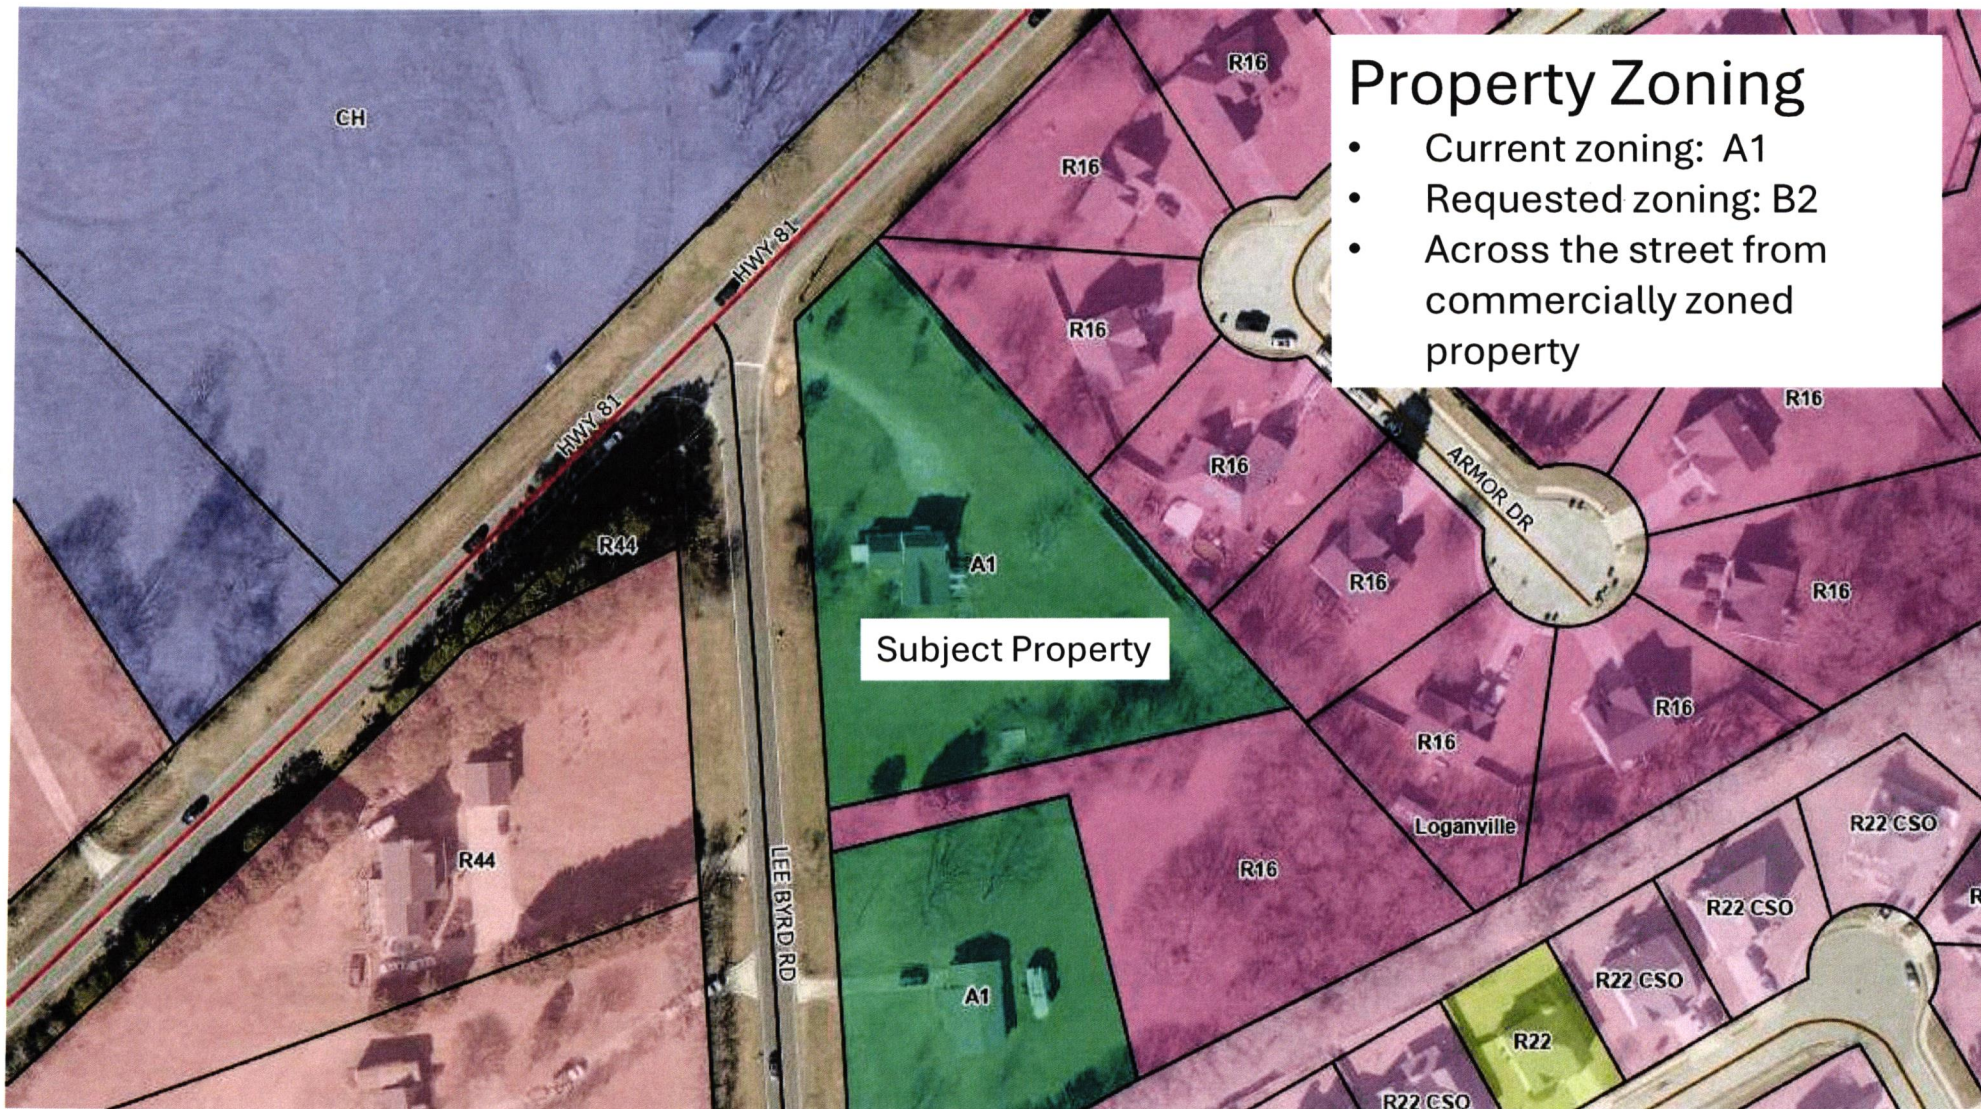

Used Vehicle Sales

1.22 acres on Hwy 81/Lee Byrd Rd

A1 o B2

Applicant: Ramo Manjic

Agent: Andrea P. Gray, LLC

Property Zoning

- Current zoning: A1
- Requested zoning: B2
- Across the street from commercially zoned property

Zoning Trends on Hwy 81

- As intended in the Neighborhood Residential Character Area, commercially zoned properties are located along Hwy 81 within A1 and A2 pockets
- 6 commercial properties within a mile of the subject property
- 12 acres of commercial property in the city across Hwy 81

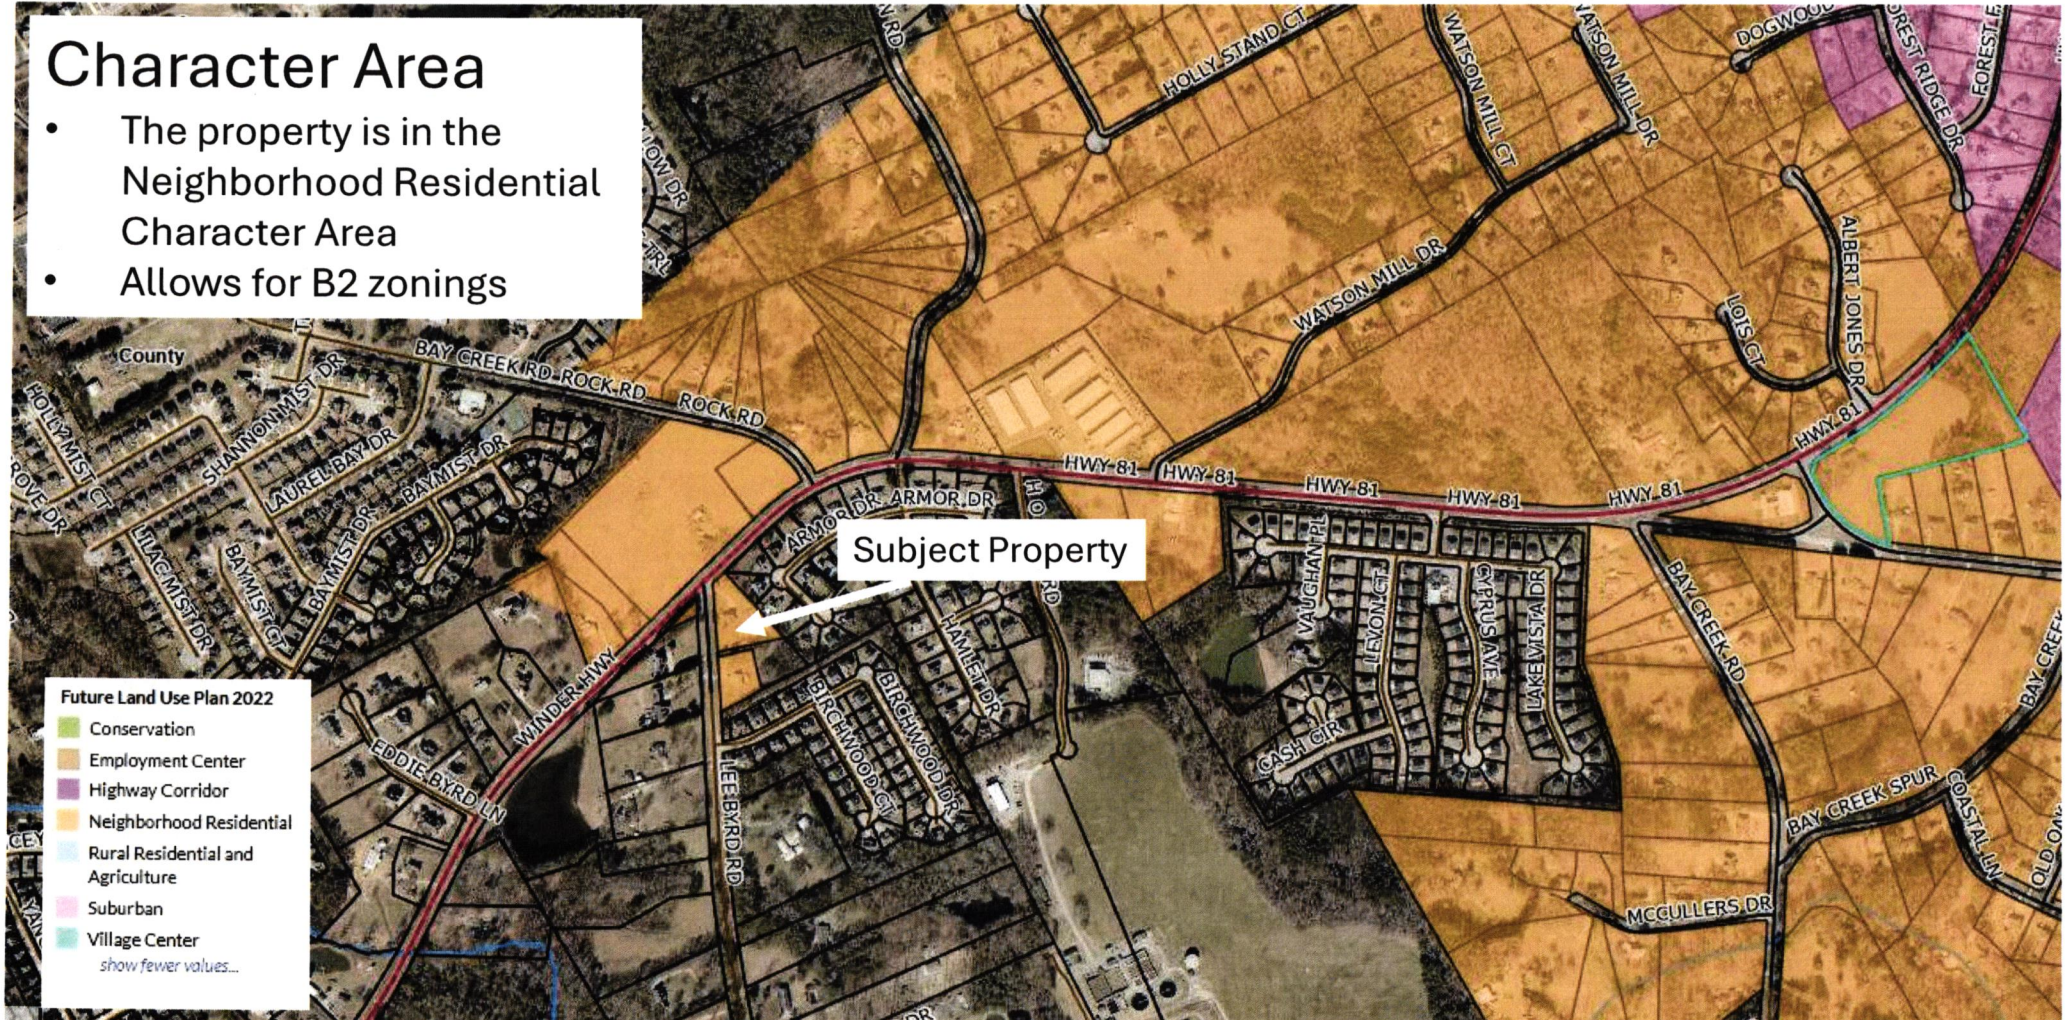

Property Location

- 1.22 acres
- Frontage on Hwy 81 and Lee Byrd Road
- Adjacent to Loganville City limits

Character Area

- The property is in the Neighborhood Residential Character Area
- Allows for B2 zonings

Notice of Preservation of Constitutional Objections

Re: Applicant/Owner: Ramo Manjic
Property: 4743 Hwy 81, Loganville GA 30052
Tax Parcel: C0160011
Request: Rezone property from A1 to B2 for used vehicles sales

Georgia law requires that Applicant include in its rezoning record a statement of constitutional objections to put the deciding board on notice of the Applicant's assertion of its constitutional and legal rights to the requested rezoning. In accordance with this requirement, Applicant asserts the below and hereby incorporates all of the information and documents contained in its complete zoning application and any materials later added to the application record.

The current zoning of the Property restricts said Property in an unreasonable manner, is unconstitutional, null and void in that the restriction to the current zoning classifications affords the Applicant no reasonable use of the Property and is the equivalent of a taking of the Applicant's property rights without payment of just and adequate compensation and without due process in violation of the Fifth Amendment and Fourteenth Amendments to the Constitution of the United States, and Article I, Section I, Paragraph I, and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the board to approve the rezoning requested by the Applicant to permit a reasonable economic return on the Applicant's investment and a reasonable use of the Property would therefore be unconstitutional, null and void and would be arbitrary, capricious and without a rational basis, thus constituting an abuse of discretion. Further, a refusal by the board would discriminate in an arbitrary, capricious, and unreasonable manner between the Applicant and owners of similarly situated properties in violation of the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States, and Article I, Section I, Paragraph II of the Georgia Constitution.

The continued application of the current zoning to the Property results in little or no gain to the public in general and fails to promote the health, safety, morals or general welfare of the public and does not bear a substantial relation to the objectives of the Walton County, Georgia Zoning Ordinance, and would constitute a substantial reduction of the property value of the Applicant and is therefore confiscatory and void.

By filing this Statement of Constitutional Rights, the Applicant reserves all rights and remedies available to them under the United States Constitution, the Georgia Constitution, all applicable federal state and local laws and ordinances, and in equity.
