Letter of Intent - Our Little Family Farm, LLC.

To whom it may concern

My name is Ravishankar Doejode and I recently moved with my wife and son to Monroe. We currently live at 490 Gene Bell Rd, Monroe, GA 30655. My son goes to school at Virginia Tech, where he is pursuing his undergraduate degree in Biomedical Engineering. I have an older son and daughter-in-law that live in Loganville. I have been working for AT&T for the last 27 years and my wife Sunitha Rao works for a Pediatric Clinic in Loganville.

We moved to Monroe with an intent to start farming. We recently bought farming land at 440 Mt. Vernon Rd, Monroe, GA, to start a farm. This property is currently zoned A1, and we would like to get it changed to A, which allows us to grow and sell fruits and vegetables. I will be farming part time for the next 3 years and do it on a full-time basis after.

Farming will be my second career. I have dreamt of farming for a very long time. We moved from India about 28 years ago and have been citizens of this great country for many years. My long-term employment at AT&T has given us the resources for us to embark on this dream of mine. My two sons and wife are fully behind this endeavor of ours and they will be helping me with farming. This country has provided so much to me and my family. We strongly believe in being decent citizens and contribute to the society. Farming is our way to give back to the community. We will be growing fruits and vegetables strictly following organic practices. With increased news of health issues from consumption of food grown in other countries and distant places, it is imperative that we have more sources of locally grown produce for the community. Our effort at farming is to play a small role in addressing the need for locally and organically grown produce. We will use a good portion of the profits to support philanthropic efforts in the community.

Farming provides me and my family a greater sense of purpose. We are eager to get started with this dream project of ours. We have registered our farming business – **Our Little Family Farm, LLC**, with the Georgia Secretary of State and received the Employment Identification Number (EIN) from IRS. We have provided copies of these two documents herewith.

We hereby request you to allow and support the rezoning of our farming land to A, and grant us the license to run a farming business in Monroe, GA.
