Individual colors may vary depending on display settings. Samples only available in Select CedarMill® texture. Please check with your contractor or local dealer for availability in your area.

Create unmatched curb appeal

ColorPlus® Technology finishes provide countless color options, such as Hardie's 2025 Color of the Year: Evening Blue, in an ultra-durable finish. Our factory-applied, baked-on color is cured between coats for superior color consistency, adhesion and durability.

Why Choose Hardie® Plank?

Hardie® siding does more than transform your home's look—it helps protect your home for decades to come.

Superior durability

Hardie® siding is noncombustible—it will not burn.** It resists damage from moisture and holds no appeal for pests like woodpeckers or termites.

Engineered for Climate®

Our fiber cement siding and trim products are formulated to offer superior performance based on your region's unique climate needs, and help protect against damage from weather extremes, hurricanes, winter storms and more.

Lasting value

Enjoy a low-maintenance exterior with a 30-year non-prorated limited, transferrable substrate warranty for lasting peace of mind and quality you can trust.

**Based on Freedonia 2022 Global Siding (Cladding) demand estimates and James Hardie sales in North America.*

***Hardie® siding complies with ASTM E136 as a noncombustible cladding and is recognized by firefighters and fire departments across the U.S. including Chicago IL, St. Paul MN, Flagstaff, AZ and Wayne County, OH. Fiber cement fire resistance does not extend to applied paints or coatings, which may be damaged or char when exposed to flames.*
