

PRESS RELEASE

For Immediate Release: March 5, 2025

Reports of Natural Gas Odors in Warrenton

The Town of Warrenton Emergency Management Department, Town Police Department, Fauquier County Fire Department, and many other agencies are working in close coordination to respond to multiple gas odor reports all around Town.

We are currently working with Columbia Gas of Virginia to assess the situation and will keep the community updated as information becomes available.

Main Street is currently closed from Alexandria Pike to Fifth Street and all connecting side streets. Please follow the directions from emergency service personnel if you happen to encounter an area where emergency responses are happening.

If you do detect an odor of natural gas, we strongly encourage you to stop what you are doing, leave the area immediately, call 911 and Columbia Gas emergency line at 800-544-5606.

If you have inquiries for Columbia Gas of Virginia, contact Stephanie Benson at (804) 653-9986 or sbenson@nisource.com.

For press inquiries, contact Lyndie Paul at (540) 351-4173 or lpaul@warrentonva.gov.
