EXECUTIVE SUMMARY

The Town was awarded \$628,659 from the VDOT State of Good Repair fund. These include the resurfacing of the following sections of roadways within Town limits:

- Falmouth Street from Falmouth Court to Main Street
- Main Street from Falmouth Street to Alexandria Pike
- Alexandria Pike from Main Street to Old Alexandria Pike

VDOT requires a resolution passed and a signed agreement for the local jurisdiction to move forward with the projects. The resolution and agreement are standard format for VDOT on these projects. Once the resolution is passed and the agreement is signed and returned to VDOT, VDOT will obtain all necessary signatures from the appropriate VDOT personnel to be executed.

This is standard procedure for these types of projects. There are no costs to the Town for these projects as outlined in Appendix A in the VDOT agreement package, attached. The projects are placed on VDOT calendar to be completed within six years of authorization.

BACKGROUND

The Town applied for State of Good Repair projects in October 2023. This project was submitted as part of the continuing resurfacing projects within Town limits based upon the conditions of roadways and the availability of funds through VDOT. The Town was awarded these projects on July 31, 2024.
