STAFF REPORT

Commission Meeting Date:	March 19, 2024
Agenda Title:	Special Use Permit 2023-04 Taylor Middle School Expansion
Requested Action:	Hold a Public Hearing & Recommend to Town Council
Decision Deadline:	May 30, 2024
Staff Lead:	Denise Harris, Planning Manager

EXECUTIVE SUMMARY

Special Use Permit (SUP) 2023-04 Taylor Middle School Expansion, the Applicant, and the Owner, the Fauquier County School Board, seeks a SUP to expand the school the in excess of 10,000 square feet. The subject parcel is in the Public Semi Public (PSP) District of the Town of Warrenton Zoning Ordinance and is designated as Public/Semi Public Non-Intensive in the Greenway and Makers Character District on the Future Land Use Map. The subject parcel (GPIN 6984-48-7973-500) is located at 350 E. Shirley Avenue on approximately 39.1805 acres. The Applicant is seeking a waiver to allow for retaining walls to be built up to twelve feet on the property.

The Planning Commission held a Work Session on February 20, 2024. Commissioners raised concerns regarding conflict points in the transportation design in a number of locations, including the interaction with Brumfield Elementary. Commissioners raised the lack of intermodal access nor the a provision for pedestrian connections to the surrounding neighborhoods and Brumfield. Commissioners expressed safety concerns regarding the prevalence and height of the multiple retaining walls. In conclusion, at the Work Session the Commissioners encouraged the Applicant to review the walkability of the site; to think more holistically about the use of the entire 39-acre property; and to reduce the transportation conflicts.

On March 1, 2024, the Applicant submitted an updated SUP Plan in response to the second round of Agency Comments. The Applicant restructured the access from the parking lots to Shirley Avenue and provided a sidewalk along the new access road. The Applicant continues to acknowledge that Zoning staff cannot verify landscaping, parking, or lighting requirements of the Zoning Ordinance are met until the information is provided at time of site plan.

The draft Conditions of Approval are consistent with other recent SUPs approved by the Town and add site specific conditions regarding the dedication of right-of-way for the upgrades to Alwington Boulevard to be built through a proffered Fauquier County rezoning for the Arrington property and dedication of easements for future shared use paths on Shirley and the southern portion of the property.

BACKGROUND

The Fauquier County School Board seeks to expand W.C. Taylor Middle School to consolidate it with Warrenton Middle School located on Waterloo Street. The approximately 39-acre property contains frontage on Shirley Avenue and Alwington Boulevard, encompasses Brumfield Elementary, and is adjacent to WalMart and the Warrenton Community Center. Its location is an essential public property with the ability to link multiple neighborhoods, schools, community center, and Greenway by providing for walkable/bicycle friendly connections.

During agency review of the application, staff raised several issues mostly focused on the transportation circulation, lack of multi modal provisions, and conflict with Brumfield Elementary. The Applicant was made aware of the ongoing Virginis Department of Transportation Shirley Avenue Pipeline Study that recommends an upgrade Pedestrian Hybrid Beacon in front of the school property where it connects to the Greenway Trail; the Fauquier County Arrington Rezoning that includes proffers for transportation and pump station upgrades; Plan Warrenton 2040 Transportation Map, the Complete Streets Guide, and the Walkability Audit Report that speak to multi-modal goals; and the Town's ongoing offer to facilitate a conversation between the schools and the Virginia Department of Historic Resources, which is interested in the African American history of the site.

Zoning staff indicated they cannot verify the proposal will meet multiple Zoning Ordinance requirements related to parking, lighting, and landscaping. The Applicant stated the intent to provide this information at time of Site Development Plan; however, this may result in a scenario where the constraints of the site as laid out are impacted.

The Planning Commission held a work session on this proposal on February 20, 2024. During that meeting the Planning Commission discussed transportation conflicts, the constraints of the site, the safety concerns of the heights of the retaining walls, the environmental features, the lack of multi-modal connections, and the relationship of the schools with Brumfield, the community center, the Greenway, and the surrounding neighborhoods.

STAFF RECOMMENDATION

Staff recommends the Planning Commission hold a Public Hearing on SUP 23-04 Taylor Middle School Expansion.

Suggested Motions

1. I move that the Planning Commission recommend approval of SUP 23-04, Taylor Middle School Expansion, to Town Council to allow for the addition in excess of 10,000 square feet of approximately an additional 68,231 square feet, subject to the draft Conditions of Approval dated March 19, 2024, the Special Use Permit Plan consisting of 18 sheets created by RRMM Architects with Timmons Group dated September 7, 2023 and revised through March 1, 2024.

OR

2. I move that the Planning Commission forward SUP 23-4, Taylor Middle School Expansion to the next Planning Commission meeting.

OR

3. I move an alternative motion.

OR

4. I move to recommend denial of SUP 23-04 to the Town Council for the following reasons...
