Background

Carryover agenda item from July. Trustees have voted to move ahead with completing a strategic plan for the future of the library. Trustees were directed to review the current and look for cost-saving opportunities.

Budget Goal

Invests in the assessment, strategic planning and maintenance of our city buildings

Promotes and fosters innovative approaches for community development and growth

Financial Impact

If the grant is secured, library funds will not be impacted.

Recommendation

The current strategic plan needs updating so I recommend that the board moves forward with a plan.
