

Notes from RoxAnne Witte (Thrive ED):

Total project cost \$11,698.00

Approved for \$3,000.00. The applicant will pay the difference for the rest of the project.

Project is for windows, siding, screen porch, which are eligible grant expenses.

"This is a rental property. The home is currently rented to a low/moderate-income family. The homeowners will be doing the work themselves and contract out what would need to be. I would pass this project on to the RDA for approval."
