Street Operations Manager Winkelman informed the committee that, in light of a greater need for another refuse truck than Cady St facilities repairs, the mayor, finance director, and public works director agreed to swap the same budgeted \$350,000 amount for the truck instead of building repairs in the **Solid Waste budget**.
4. The **Solid Waste** Department has found a service provider willing to pay the City a small per pound rate for electronics and small and medium-sized appliances that will replace an existing agreement where the City has been charged disposal fees. 8. Mr. Stevens reviewed the **global payroll compensation tool** as well as the impact on Fund 01 based on the initial calculations of the Expenditure Restraint Program. It was requested that committee members review these documents in order to build a consensus as to a budget building direction for the departments.
9. The department heads had completed the task of building proposals for **2026 employment position additions**, providing a memo of explanation, compensation costs, and job descriptions for new positions. Nine of the eleven have been assigned pay scale grades. Ald. Davis moved, seconded by Ald. Smith, to not send the other two positions to the HR consultant for review and grading. Approved 4:1.

Ald. Smith moved, supported by Ald. Davis, to proceed with incorporating the remaining nine positions into the budget creation. Approved unanimously.
