Hi Ken,

Wondering the status of our purchases. I have a transit meeting on Monday that I would like to give an update to.

Thank you,

Megan

Subject: Options available

Megan,

The van comes with quite a few standard items. I have attached the chassis spec from Ford and items we add as part of the package.

Here are the common options. The steps for the outside of the van to assist entry and exit is a popular choice. I have had a couple agency that feel the fixed seat on the curb side can interfere with operation of the lift if it has to be pumped up. I have added the option to change the seat to a flip seat.

Please let me know if you have any questions or want to add any options

Ken Richards
