Encroachment description:

The use and occupancy of road right of way under this permit is conditioned upon the Occupant's compliance with these provisions:

1. This permit only authorizes the described encroachment to remain temporarily within the right of way by feet, however, if the described encroachment is damaged from any cause whatsoever, to the extent that repair costs would be equal to or greater than 50% of the assessed or estimated value of the described encroachment at the time of said occurrence, then it cannot be repaired, re-erected and/or replaced anywhere within the existing road right of way.
2. In the event that the Agency deems it necessary to revoke this permit on the basis of a need to expand capacity or improve safety, the Agency reserves the right to give notice regarding the removal of the described encroachment. The Agency may terminate this permit upon (30) days written notice to the Occupant. The Occupant shall remove the described encroachment maintained under this permit within the time specified in the notice.
3. If the Agency determines that the installation or use of the described encroachment authorized under this permit increases the difficulty of road maintenance, creates conditions adverse to the best interest of the highway users, the general public, or presents a threat to road safety, then the occupant, upon notification by the Agency shall promptly remove the encroachment from the road right of way.
4. Failure by the Occupant to comply with the provisions of this permit is cause for the Agency to terminate this permit and to require the Occupant to take immediate action to clear the right of way to a safe condition.
5. Issuance of this permit shall not be construed as a waiver of the occupant's obligation to comply with any more restrictive requirements imposed by local ordinance.
