

## MEMO

TO: Ethics Committee  
FROM: Atty. Steven T. Chesebro

RE: Terms

---

### INTRODUCTION

The term of the Ethics Committee members are supposed to be staggered with each member serving a three year term but only one member being replaced each year. As such we will need to determine the end date of each of your terms given that all three were started at the same time. If any of you have a preference on the length of your term, please let me know. The end of a term does not mean that you could not be reappointed to the Ethics board only that your initial term would be completed and that you would need to be reappointed.
