Review and take possible action: Request for streetlight on 1200 Block of Mary Street:

Engineering received a request from a concerned resident for a streetlight to be added to the 1200 block of Mary Street – between S. Twelfth Street and Theresa Street. The resident shared a concern about the safety in the area as there is minimal lighting and increased activity due to business expansions. The checklist for a streetlight request is attached for your use. No money is budgeted for this streetlight in the 2023 budget. A site map is attached for your use.
