RE: Awareness of Special Events for BFTS

Committee Members,

These events were finalized last December and early January after the 10/31 list was approved and prior to the new Special Event Ordinance. These were booked based on previous Special Event directions.

The WRMC will be hosting a Breastfeeding Coalition event all day on Saturday, August 3, 2024. They submitted a special event since they will be inviting food trucks, having kids activities (bounce house) and closing the road for safety reasons. No alcohol will be sold.

The Parks, Recreation, & Forestry department finalized contracts with The Last Bees Concert on September 7, 2024, part of the Summer Concert Series, from 7-9pm. The Back Bay Band on September 14, 2024, part of the Summer Concert Series, from 7-9pm. These two concerts will run just as the previous ones approved last fall. We did not have all contracts signed at the 10/31 deadline. The Summer Concert Series includes road closure during event and setup, food trucks, fermented malt beverage sales and amplified sound. We have auxiliary scheduled for all Summer Concert Series events.
