Re: S. Fifth Street 500 Block Parking Restriction

Dear Residents,

We would like to inform you about a potential change to the parking regulations in the 500 block of S. Fifth Street, between Wisconsin Street and Spring Street.

The City is considering modifying the existing parking restriction that currently permits on-street parking on the east side or west side of the 500 block of S. Fifth Street. If approved, parking could be prohibited on portions of the block at all times.

The Public Safety and Welfare Committee will be reviewing parking restrictions as part of the one-way traffic to two-way traffic conversion on Wednesday, November 4th. There will be an opportunity for public comment, and we welcome any discussion and feedback regarding the proposed change in parking restrictions.

You are invited to attend the November 4, 2026 Public Safety and Welfare Committee meeting. It will be held at 5:00 P.M. in Room 0041 at City Hall, 106 Jones Street, Watertown, WI 53094. If you cannot attend and wish to provide feedback, please call (920) 262-4060 or email engineeringdept@watertownwi.gov.

We appreciate your participation as we consider this proposed change. If you have any questions or concerns, please contact the Engineering Division of the Department of Public Works.

Sincerely,
Andrew M. Beyer, P.E.
Public Works Director
City of Watertown
