City/Village/Township is responsible for electrical utility cost (if any) for connecting the utility power or commercial power to the electrical disconnect installed by ECS at the pole, unless otherwise negotiated.

The following rock clause will apply: In the event that rock or any other obstructions are encountered while digging, work at the site will be discontinued until the City/Village/Township can offer an alternate site that will not require unexpected expenses to Emergency Communication Systems such as the cost of rock removal. Adverse Site Conditions: including rock, caving soil conditions, contaminated soil, poor site access availability, and other circumstances which result in more than 2 hours to install a pole, will result in a \$340.00 per hour fee, plus equipment. Trenching is additional.

Power Clause: bringing power to the equipment is the responsibility of the purchaser.

Permit Clause: any special permits, licenses or fees will be additional.
