---

Mason,

I would like to submit this application to the RDA for approval.

This project is for new plumbing from house to street due to sewage backup in the basement, roof, chimney and gutter replacement, and home painting. They will also be using the HOME Consortium program to address code issues in the home.

Based on the bids they have submitted and the contractor they have chosen the total cost of the project would be \$35,023.00. There may be additional costs if additional permits need to be pulled with the city.

Based on income they would be able to get 70 % of the project costs or grant maximum of \$10,000.00.

Request from RDA would be for \$10,000 with balance of \$25,024 being paid by using the HOME Consortium Loan program and personal funds.

Thank you,

***RoxAnne L. Witte***
