Review and take possible action: No Parking on the north side of Hill Street between N. 4<sup>th</sup> to Highland Avenue

### BACKGROUND:

Review and take possible action: No Parking on the north side of Hill Street between N. 4<sup>th</sup> to Highland Avenue: As this portion of street is to be pavement marked this construction season, Engineering is bringing this topic forward for the following concern: A portion is signed NO PARKING between Hus Dr. and 350' west of Highland Av. However, this section of street is not included in City ordinance 500 – 9, Parking Prohibited in Specified places.

Generally speaking, the north/south stretch of Hill St. is 35' back to back of curb, the east/west portion of Hill Street is 33' back to back curb. City requires 35' back to back of curb for parking on both sides of the street in residential neighborhoods. The north portion meets the requirements; however, it is signed NO PARKING.

Engineering is asking the Committee discuss and make a determination so it knows how to move forward with pavement marking. Depending on the Committee weighs in will determine where the stripe marks are placed.
