**Notice of Written Decision on Protest of Tentative Award
ITB 26-04 Southwest Area Elevated Water Tower**

On September 17, 2026, DB Civil Construction, LLC, timely filed its Protest of Tentative Award for ITB 26-04 Southwest Area Elevated Water Tower, under Section 1.1.25 of the ITB.

Pursuant to Section 1.1.23 of the ITB, the Protest Committee met during a specially set, public meeting under Chapter 286, Florida Statutes, on September 30, 2026, which DB Civil and its counsel attended and presented the grounds for their protest to the Committee.

After public deliberation and discussion, all three committee members (the City Manager, the City Attorney, and the City's Project Manager) agreed that the protest should be denied for the reasons stated during the meeting.

Pursuant to Section 1.1.25(D) of the ITB, this notice constitutes the Protest Committee's written decision memorializing the denial of DB Civil's Protest of Tentative Award. The City Commission will address how to proceed with the project at its next regularly scheduled City Commission workshop and meeting.
