MEETING DATE:		11/22/2021	Submitted By: Finance	
SUBJECT: <i>This will be the name of the Item as it will appear on the Agenda</i>		RESOLUTION 2021-36 – Re-adoption of Final Budget for Fiscal Year 2022		
STAFF RECOMMENDATION: (MOTION READY)		Re-adopt the Final Budget for Fiscal Year 2022		
SUMMARY and/or JUSTIFICATION:		Late in the fiscal year 2022 (FY22) budget cycle the Palm Beach County Property Appraiser increased the total taxable value amount for properties within the City of Westlake. This increase was not reflected in the FY22 budget adopted in September, resulting in the property tax revenue being lower in the budget than what the City will actually receive in FY22. The Florida Department of Revenue requires that the City re-advertise the Notice of Tax Increase and Budget Summary for another budget hearing and re-adopt the FY22 Millage Rate and Budget. The required change in the FY22 budget results in an increase in Property Tax net of Property Tax Discounts of \$121,644, which is offset by a decrease in Developer Contribution.

Budget Message

Honorable Mayor and City Council

I am pleased to submit the Fiscal Year 2022 budget message for the City of Westlake. The City continues to grow quickly. The last of the City's Land Development Regulations (LDR's) were adopted. The next step is to have the ordinance codified. After codification we will begin a thorough review and amend sections that may conflict with other portions of the LDRs. The teamwork between the City Council, City Manager, Interim City Attorney, City Planner, City Engineer, City Clerk, Building Department, administrative staff, Seminole Improvement District and the developers' representatives has allowed us to complete the last several sections.

According to the Palm Beach County Property Appraiser the City of Westlake's taxable value has increased forty-seven (47%) over last year. The growth in home construction and sales continues to be strong. We are seeing a rise in commercial development within the City. The City has processed an additional eleven plats this year to accommodate current and projected development.

Milestones in FY2021 included the following:

- Approved the site plan for the Publix Shopping center on the west side of Seminole Pratt Whitney Road north of Persimmon Blvd.
- Approved the site plan for the self-storage facility in POD H west of Seminole Pratt Whitney Road and south of Persimmon Blvd.
- Approved the site plan for the Shops at Westlake Landings.
- Approved the plats for the Orchards, Crossings town homes, Cresswind phase 3, and Sky South neighborhoods.
- Approved Town Center Parkway South west roadway plat.

The **proposed millage rate for the FY2022 is 5.125**. This rate is projected to generate \$1,711,879 in ad-valorem taxes to the City based on the taxable value as of January 1st as provided by Palm Beach County Property Appraiser. The total proposed general fund budget for FY2022 is \$3,693,400, which is a 21.1% increase over the current year. The difference between the taxes received and the budget is made up of several components, including interest, licenses, permits & fees, other taxes and deficit funding from the primary developer as needed.

The proposed millage rate of 5.125 mills is a 18.37% tax increase over the rolled-back rate of 4.3296. Generating revenue based on the rolled-back rate would not be practical as the City must be able to provide the administrative infrastructure to operate. With a growing city the administrative expenses occur before the tax revenue is received and therefore, it appears to be a tax increase. The actual ad-valorem tax rate per property remains flat at 5.125 mills. The largest impact on the taxes is the assessed value established by the County Property Appraiser.

Due to the lag time of taxable values and the budget cycle, this budget is again dependent on deficit funding from the primary developer. One of the areas that has increased is the reserve and contingency funds. This increase is necessary in order to have the appropriate level of funds for first quarter reserves and contingency balances needed by FY2024. It is still important to remember that a portion of land within the City limits is assessed based on agricultural use by the property assessor. The agricultural land use assessed value is a lower taxable value therefore generates lower tax revenues. As the City continues to develop residential and commercial properties the tax base will continue to increase. This increase in taxable value reduces the dependency on deficit funding.

There are approximately fifty individuals involved in the overall operation and administration of the City. These individuals are part of the contracted service provided by the various entities. These individuals are a combination of dedicated full-time personnel and those that work a percentage of their time on City business. This is part of the overall vision of the City to remain a government-light operation. This allows for an efficient effective government providing a high level of service to the residents.

Respectfully submitted,

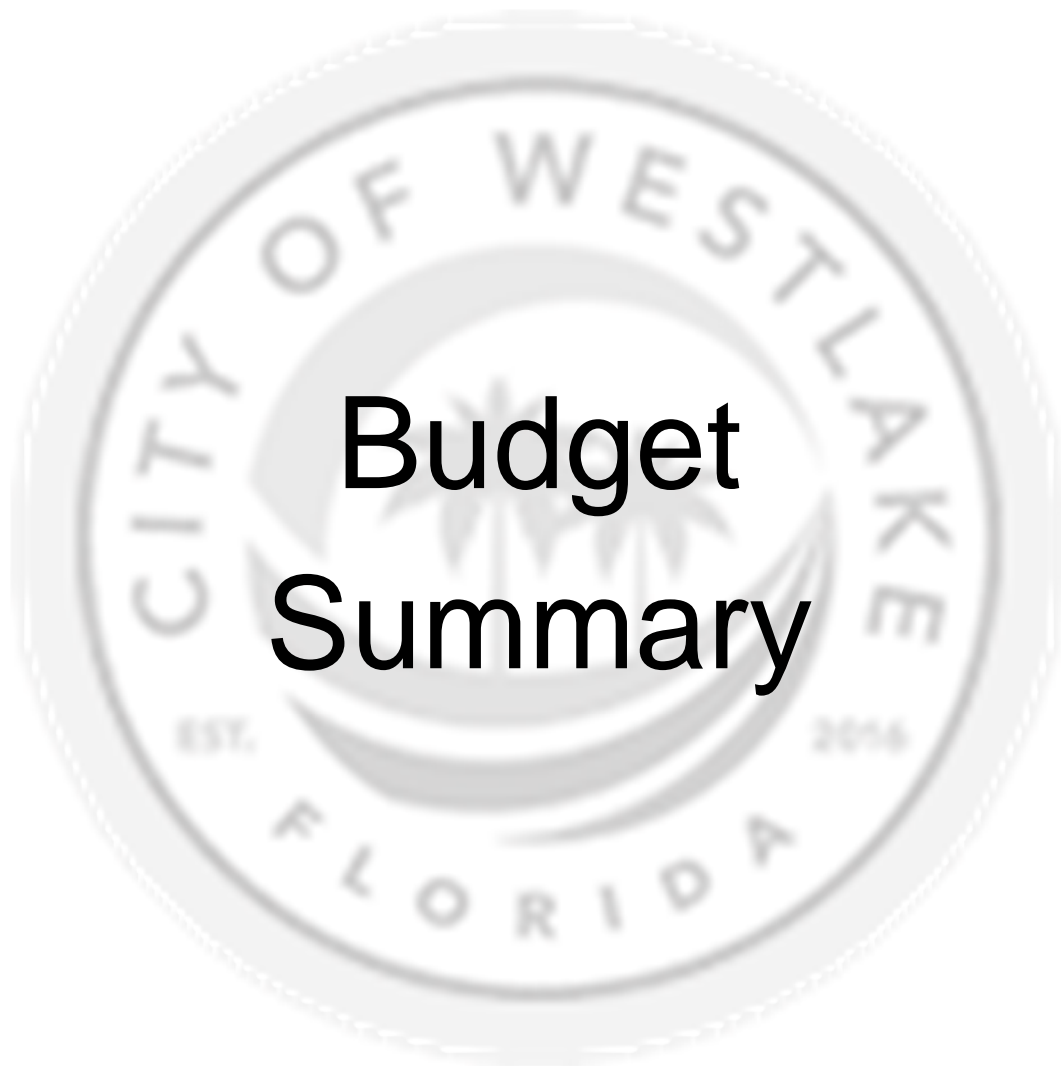

Kenneth Cassel
