Project Number and Title: 2023-30-58 LHSC Traffic Safety Enforcement
Proposed Award Amount: \$128,030

Dear Project Director:

Congratulations. The Louisiana Highway Safety Commission (LHSC) has tentatively approved the above referenced project for funding up to the amount noted above in Federal Fiscal Year 2023. Federal regulations require the LHSC to conduct a risk assessment before awarding funds to any subgrantee. The next step in the award process for your agency is to complete our online Pre-Award Risk Assessment Form at the following link: https://LHSCtill.formstack.com/forms/ra_form_2023_copy.

This risk assessment form must be received in order for the LHSC to complete your award offer. We are asking that you submit the completed form as soon as possible but no later than 7 days after receipt of this letter. Failure to complete this risk assessment could impact the LHSC's ability to finalize your subgrant agreement.

Your Program Coordinator will prepare a draft subgrant agreement which will be emailed for your initial review. After all reviews and revisions are made to the draft subgrant agreement, a final version along with an instruction letter will be emailed. Your agency will then return the subgrant agreement with all of the necessary approvals and required documentation. Once our office has received appropriate state approval(s) as required by the State Office of Procurement you will receive a signed agreement and authorization to begin work.

We want your agreement to be processed within a reasonable time frame. In order to accomplish this, please let us know of any problems or questions you may have as soon you are aware.

Thank you for partnering with us to reduce the number of fatal and injury crashes in Louisiana. We look forward to working with you.

Please feel free to contact me if you need further assistance. Thank you.

Sincerely,

Terry Chustz
