Dear Leslie,

Thank you for your correspondence and for our conversation.

As I pointed out, we are strongly against any large commercial construction on Roubenau at 50<sup>th</sup> Street. The ensuing traffic would compromise our lives and threaten our children.

Not only, it would destroy the green space, park and fountain that we have always treasured.

Please locate the construction elsewhere.

Thank you.

P.S.

Apologies for the stationary and handwritten message. My computer is down. cm
