

CITY COUNCIL MEETING STAFF REPORT

Meeting Date: August 11, 2026

SUBJECT: Consideration and Adoption of Resolution Authorizing Purchase of Replacement Public Works Vehicle from Geweke Ford

PREPARED BY: Youa Hill, Public Works Director

RECOMMENDATION:

Staff recommends that the Wheatland City Council consider adoption of a resolution authorizing the purchase of a replacement vehicle from Geweke Ford for use by the Public Works Department.

DISCUSSION:

The City's Public Works Department staff utilize City vehicles on a daily basis to complete their assigned tasks related to streets, parks and facilities maintenance, and water and wastewater utility management. The Fiscal Year 2026-27 adopted budget includes \$60,000 in the Vehicle and Equipment Replacement fund for the replacement of a 2004 Ford F-150 pickup truck that has exceeded its useful life. The replaced vehicle will be sold with all funds received deposited to the Vehicle and Equipment Replacement Fund.

The recommended purchase from Geweke Ford of Yuba City is a 2026 Ford F250 truck equipped with a service body for equipment storage and the capacity to tow the Public Works Department heavy duty trailer and other equipment. This vehicle is being purchased under a government fleet purchase contract. The purchase price is \$56,657.75 plus tax for a total cost of \$61,045.18.

FISCAL IMPACT:

Funding of \$60,000 for this purchase is available in the Fiscal Year 2026-27 Vehicle and Equipment Replacement Fund budget. The additional cost of \$1,045.18 will be funded from the proceeds of the sale of the vehicle being replaced.
