TRANSMITTAL LETTER

111 C Street . Wheatland . California . 95692

March 30, 2025

To the Honorable Mayor and Members of the City Council and Citizens of the City of Wheatland:

We are pleased to submit the City of Wheatland's Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024. It is the policy of the Council to have a licensed certified public accountant conduct an annual audit at the end of each fiscal year and to issue a complete set of financial statements for the Council and all stakeholders of the City. The financial statements are presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards.

Responsibility for the accuracy of the data and the fairness of presentation, including all footnotes and disclosures, rests with the City. We believe the data presented in this report is accurate in material respects and all statements and disclosures necessary for the reader to obtain a thorough understanding of the City's financial activities have been included. Management of the City has established an internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information of the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements.

While traditionally addressed to the governing body of the City, this report is intended to provide relevant financial information to the citizens of the City of Wheatland, City staff, creditors, investors, and other concerned readers. We encourage all readers to contact the Finance Department with any questions or comments concerning this report.

The City's financial statements have been audited by Chavan and Associates, Certified Public Accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2024, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Based upon the audit, the independent auditors concluded that there was a reasonable basis for rendering an unmodified opinion, which states that the City's financial statements for the fiscal year ended June 30, 2024, are fairly

presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City can be part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. A Single Audit is required when a state, local government, or not-for-profit organizations expends more than \$750,000 per fiscal year in federal grant money. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. For the fiscal year ending June 30, 2024, the City was not required to issue a Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

Profile of the City of Wheatland

The City of Wheatland operates under a Council-Manager form of government and provides municipal services that include public safety, public works, parks and recreation, planning services, water and wastewater services, and general administration. This report includes all funds of the City of Wheatland. The City does not have a Redevelopment Agency.

The City Council establishes an annual budget with a mid-year review for the General Fund and all other funds. Budgetary control is legally maintained at the fund level. Department heads submit budget requests to the City Manager and Finance Director. The Finance Director prepares an estimate of revenues and prepares recommendations for the next year's budget. After approval by the City Manager, the preliminary budget is presented to the City Council who may or may not make amendments. The budget is adopted by resolution by the City Council on or before June 30 in accordance with the municipal code.

The City of Wheatland, incorporated in 1874, is one of two incorporated cities in Yuba County. It is nestled at the northeastern edge of California's vast Sacramento Valley. Located 34 miles north of Sacramento, 107 miles northeast of San Francisco and 417 miles northwest of Los Angeles with a population of more than 4,100 in an 8.2 square-mile area, Wheatland is valued by its residents for its small-town atmosphere and rural setting.

The City of Wheatland City Council consists of five members, elected at large to four-year overlapping terms. Council members must be residents of the City. The position of Mayor and Vice Mayor are chosen by the City Council. The Mayor conducts the Council meetings and represents the City on ceremonial occasions.

The City Council serves as the policy board for the municipality. As elected officials, the City Council provides policy direction, establishes goals, and sets priorities for the City government. In addition to serving as the policy makers for the community, the City Council is also responsible for numerous land use decisions within its borders in accordance with the General Plan and the Wheatland Municipal Code. The City Council appoints the City Manager, City Attorney, and all members of advisory boards and commissions.

Current Economic Conditions and Outlook

The City's economic development efforts and implementation of the City's financial policies help to promote Wheatland's long-term fiscal stability. Each year, staff conducts a systematic review of operations to make sure the blend of contract services and in-house staffing promotes long-term savings and ensures long-term stability. In addition, the City annually adopts an Economic Development Action Program that identifies short and long-term priorities and the implementation and financing required to achieve them. The City anticipates significant growth in the next ten years in property tax revenue as planned subdivisions are being considered by several developers.

Acknowledgements

The preparation of this Financial Report could not be accomplished without the efficient and dedicated service of the entire staff of the Finance Department and the auditing firm of Chavan and Associates. The work of the Finance Department staff comprised of April Ouellette, Senior Accountant; Rafaela Vargas, Senior Account Clerk; and Jessy Johnson, Account Clerk.

A word of thanks is also extended to the members of the City Council, the City Manager, and the other City departments for their cooperation and support in planning and conducting the financial operations of the City during the fiscal past year.

Respectfully submitted,

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council of the City of Wheatland Wheatland, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Wheatland (the "City"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Wheatland, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of a Matter

As noted in Note 11 to the basic financial statements, adjustments were made to beginning fund balance and net position for the corrections of errors and reclassification of fund balances. Our opinion as not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

City management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAGAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements, schedules, and other information listed in the supplementary information section of the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 14, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This page is intentionally blank

INTRODUCTION

As management of the City of Wheatland, we offer readers of the City's financial statements this narrative overview and analysis of financial activities of the City of Wheatland, for the fiscal year that ended on June 30, 2024. We encourage readers to consider the information presented here, in conjunction with additional information that we have furnished in our letter of transmittal. This information can be found on page i of this report. The required components of the report are listed below.

Required Components of the Annual Financial Report

FISCAL YEAR 2023/2024 FINANCIAL HIGHLIGHTS

Government-Wide Highlights

- The assets of the City of Wheatland exceeded the liabilities at the close of the most recent fiscal year by \$21,881,997 (net position). Of this amount, net position included \$5,333,365 classified as net investment in capital assets; \$11,453,611 as restricted; and \$5,095,021 as unrestricted net position.
- The City's total net position increased by \$2,707,751 and its change in net position was \$853,383 more than the prior fiscal year.
- In Governmental Activities, tax revenues increased by \$148,711, charges for services increased by \$1,236,269, operating grants and contributions decreased by \$466,378, and capital grants and contributions increased by \$261,950.
- In the Business-Type Activities, charges for services increased by \$156,967, operating grants and contributions decreased by \$205,125, and capital grants and contributions decreased by \$1,448,417.
- The City's long-term debt increased by \$116,065 or 1.5% in Fiscal Year 2023/2024 primarily from increases in notes payable offset by refunding bond repayments, net of amortized premiums.

• The City's net capital assets decreased by 4% or \$545,789, primarily due to depreciation and the completion of projects included in construction in progress.

Fund Highlights

- At the close of Fiscal Year 2023/2024, the City of Wheatland's governmental funds reported combined fund balances of \$9,101,525, an increase of \$2,692,449 in comparison with the prior year. Approximately 30% or \$2,700,368 was classified as unassigned fund balance and was available for spending at the government's discretion.
- At the end of the current fiscal year, the general fund's unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) was \$2,789,164, or 112% of total general fund expenditures, prior to transfers.
- The fund balance in the General Fund increased by \$424,426, with revenues of \$2,784,351 and expenditures of \$2,484,291, prior to transfers in of \$170,000, and transfers out of \$97,238.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis are intended to serve as an introduction to the City of Wheatland's financial statements. The City of Wheatland's basic financial statements are comprised of (1) Government-wide Financial Statements (2) Fund Financial Statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Wheatland's finances, in a manner similar to a private-sector business. Government-wide financial statements are prepared on the accrual basis, which means they measure the flow of all economic resources of the City as a whole. Government-wide financial statements consist of the *Statement of Net Position* and the *Statement of Activities*.

The Statement of Net Position presents financial information on all of the City of Wheatland's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position, as applicable. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Wheatland is improving or declining.

The Statement of Activities presents information showing how the City of Wheatland's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. This is consistent with a full accrual concept, which may result in the reporting of revenues and expenses in the current fiscal year, with cash flows occurring in future fiscal periods (e.g. uncollected revenues; and earned but not used vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Wheatland that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). An overview of the City's functions associated with each classification is listed

below.

Governmental Activities – All of the City's basic services are considered to be governmental activities. This includes general government, public safety, public works, community development, and parks and recreation. Sales taxes, property taxes, impact fees, state and federal grants finance most of these activities. Charges for services are also used to help offset costs of providing certain services.

Business-Type Activities – This City's enterprise activities include Water and Sewer operations. Unlike governmental services, these services are fully supported by charges paid by users based on the amount of services they use.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Fund financial statements provide detailed information about each of the City's most significant funds, called major funds. Major funds are presented individually, with all non-major funds summarized and presented only in a single column. Subordinate schedules present the detail of these non-major funds. Major funds present the major activities of the City for the fiscal year and may change from year to year as a result of changes in the pattern of the City's activities. The City's funds are segregated into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same function reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This represents a modified accrual basis of accounting, with capital assets, long-lived assets, and long-term liabilities excluded from the financial statements. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between *governmental funds* and *governmental activities*.

The City maintains multiple governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. Data from the other governmental funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in the combining and individual fund statements and schedules section of this report. A budgetary comparison statement has been provided as required supplementary information for the General Fund to demonstrate compliance with this budget.

Proprietary Funds

The City of Wheatland has two enterprise funds, the Water and Sewer funds, which are proprietary funds. *Enterprise funds* provide the same type of information as business-type activities in the government-wide statements.

NOTES TO THE FINANCIAL STATEMENTS

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found immediately following the fund financial statements.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the City of Wheatland's general fund and major special revenue fund budget to actual schedules. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the *required supplementary information* supplementary information. The supplementary information also includes budget to actual schedules for major capital projects funds. An unaudited statistical section provides historical and current data on financial trends, revenue and debt capacity, demographic and economic information, and operating information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Over time, net position may serve as an indicator of a government's financial position. In the case of the City of Wheatland, assets exceeded liabilities by \$21,881,997 at the close of the Fiscal Year 2023/2024. This is an increase of \$2,707,751 over the prior year.

The following table summarizes the City's ending net position:

Table 1 - Net Position												
	Governmen	То	tal									
	2024	2023	2024	2023	2024	2023						
Assets												
Current and other assets	\$ 9,589,743	\$ 6,983,769	\$ 9,857,090	\$ 9,074,475	\$ 19,446,833	\$ 16,058,244						
Capital assets	4,387,439	4,774,013	8,672,089	8,831,304	13,059,528	13,605,317						
Total Assets	\$ 13,977,182	\$ 11,757,782	\$ 18,529,179	\$ 17,905,779	\$ 32,506,361	\$ 29,663,561						
Liabilities												
Current and other liabilities	\$ 541,017	\$ 617,674	\$ 2,415,510	\$ 2,332,899	\$ 2,956,527	\$ 2,950,573						
Noncurrent liabilities	79,199	2,233,524	7,588,638	5,305,218	7,667,837	7,538,742						
Total Liabilities	\$ 620,216	\$ 2,851,198	\$ 10,004,148	\$ 7,638,117	\$ 10,624,364	\$ 10,489,315						
					•	*						
Net Position												
Net investment in capital assets	\$ 4,387,439	\$ 4,774,013	\$ 945,926	\$ 3,378,876	\$ 5,333,365	\$ 8,152,889						
Restricted	6,314,647	4,390,389	5,138,964	4,867,016	11,453,611	9,257,405						
Unrestricted	2,654,880	(257,818)	2,440,141	2,021,770	5,095,021	1,763,952						
Total Net Position	\$ 13,356,966	\$ 8,906,584	\$ 8,525,031	\$ 10,267,662	\$ 21,881,997	\$ 19,174,246						

Net position of the City's governmental activities increased \$4,450,382 to \$13,356,966. Approximately 20% of net position relating to governmental activities are unrestricted, and \$4,387,439 of the net position for governmental activities was for investments in capital assets, (e.g., land, buildings, general government infrastructure, equipment, etc.), less accumulated depreciation and any outstanding that was debt used to acquire or construct those assets. Capital assets represent infrastructure which provide services to citizens and are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate the liabilities.

Total net position of the City's business-type activities decreased \$1,742,631 to \$8,825,031. At the end of the current fiscal year, the City of Wheatland is able to report a positive balance for the government as a whole. The reasons for the overall financial changes are discussed in the following sections for governmental and business-type activities.

With total revenues for Fiscal Year 2023/2024 at \$10,049,460 and total expenses at \$6,871,666, the change in net position for current activity yielded an increase of \$3,177,794.

An analysis of the changes in revenues and expenses by type of significant events follows:

Table 2 - Statement of Changes in Net Position												
Governmental Activities Increase Business-Type Activities Increase												
Functions/Programs	2024			2023		(Decrease)		2024		2023	(Decrease)

Governmental Activities

As shown in table 2 schedule, the net position for governmental activities increased from \$8,906,584 in the prior year to \$13,356,966 in the current fiscal year. This increase is largely due to increases in investment earnings, development impact fees, and taxes.

Total program revenues for governmental activities were \$3,612,277, which included \$2,942,044 in charges for services, \$408,283 in operating grants and contributions and \$261,950 in capital grants and contributions. Total program revenues from the prior year were \$2,580,436. Current year charges for services included \$258,307 for economic and community development.

Total expenditures for governmental activities were \$4,339,314, which was an decrease of \$1,466,525 from the prior year of \$5,805,839. This decrease was largely due to public works capital expenditures in the prior fiscal year.

Business-Type Activities

The City's business type activities represent the water and sewer enterprise operations.

Total program revenues for business-type activities were \$2,528,301 and was comprised of \$2,443,301 in charges for services and \$85,000 in capital grants. Total program revenues from the prior year were \$4,024,876. This decrease was mainly due to a decrease in grant contributions associated with capital projects.

Total expenses for business-type activities were \$2,532,352, which was an increase of \$197,793 from prior year.

FINANCIAL ANALYSIS OF THE CITY'S GOVERNMENTAL FUNDS

As noted earlier, the City of Wheatland uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City itself, or a group or individual that has been delegated authority to assign resources for particular purposes by the City of Wheatland's Council.

The following table summarizes the changes in fund balance of the Major Funds and Other Nonmajor Governmental Funds:

Table 3 - Summary of Changes in Fund Balance - Governmental Funds

		Pool		Developmen		t Planning		1	Nonmajor	
	General	C	perations		Impact		Projects		Gov't	
	 Fund		Fund		Fund		Fund		Funds	Total

General Fund – Components of Fund Balance

The general fund is the chief operating fund of the City of Wheatland. At the end of the current fiscal year, the unassigned fund balance of the general fund was \$2,785,957 and the total fund balance in the General Fund was \$2,789,164. This is an increase in total fund balance of \$424,426 from the prior year.

FINANCIAL ANALYSIS OF THE CITY'S ENTERPRISE FUNDS

The following table summarizes the changes in fund net position of the City's enterprise funds:

Summary of Changes in Net Position - Proprietary Funds											
	Enterprise Funds										
		Water									
		Fund		Fund		Total					
Total Revenues	\$	1,379,818	\$	1,171,112	\$	2,550,930					
Total Expenditures		1,118,183		1,229,256		2,347,439					
Operating Income (Loss)		261,635		(58,144)		203,491					
Nonoperating Revenues (Expenses)		(19,641)		210,905		191,264					
Change in Net Position		241,994		152,761		394,755					
Beginning Net Position		2,029,665		8,237,997		10,267,662					
Prior Period Adjustment		109,998		(2,247,384)		(2,137,386)					
Ending Net Position	\$	2,381,657	\$	6,143,374	\$	8,525,031					

The Water fund is financed and operated in a manner similar to that of a private business. The fund's net position went from \$2,029,665 in Fiscal Year 2022/2023 to \$2,381,657 in Fiscal Year 2023/2024, an increase of \$351,992. Revenues totaled \$1,379,818. This decrease of \$111,725 from the prior fiscal year was mainly due to a decrease in grant revenue offset by water rate increases. Annual rate increases will continue through March 2028. Expenses totaled \$1,118,183. This is an increase of \$95,540 from the prior year.

The Sewer fund is financed and operated in a manner similar to that of a private business. The fund's net position went from \$8,237,997 in Fiscal Year 2022/2023 to \$6,143,374 in Fiscal Year 2023/2024, a decrease of \$2,094,623. This decrease was mainly due to a prior period adjustment totaling \$2,157,670 to reclassify a note payable that was incorrectly reported as a governmental activity instead if a business-type activity in the enterprise funds in Fiscal Year 2022/2023. Also included in the prior period adjustment was a \$89,714 decrease to reclassify a Fiscal Year 2022/2023 capital contribution to notes payable. Revenues totaled \$1,171,112. This increase of \$86,196 from the prior fiscal year was mainly due to sewer rate increases. Annual rate increases will continue through March 2028. Expenses totaled \$1,229,256. This is an increase of \$107,196 from the prior year.

CAPITAL ASSETS

The following table summarizes the City's capital assets at the end of the year:

Table 4 - Capital Assets at Year End - Net

	Governmen	tal	Activities	Business-ty	Activities	То			
	2024		2023	2024		2023	2024	2023	% Change

Sewer system improvements	-		-	990,068		1,262,806	990,068	 1,262,806	-21.60%
Total Capital Assets, Net	\$ 4,387,439	\$	4,774,013	\$ 8,672,089	\$	8,831,304	\$ 13,059,528	\$ 13,605,317	-4.01%

At the end of Fiscal Year 2023/2024, the City invested \$27.9 million in a broad range of capital assets, including police and fire equipment, buildings, park facilities, street and storm drainage improvements and water and sewer facilities. Additional detailed information on the City's capital assets is presented Note 5 to the financial statements on pages 55 and 56.

DEBT ADMINISTRATION

The following table summarizes the City's debt at the end of the year:

Table 5 - Outstanding Long-Term Debt at Year End											
	Governmental Activities										
		2024		2023	% Change						
Notes Payable	\$	-	\$	2,157,670	-100.00%						
	Business-type Activities										
		2024		2023	% Change						
Notes Payable	\$	2,451,364	\$		100.00%						
Water Revenue Refunding Bonds (2019 B)		2,168,323		2,252,816	-3.75%						
Wastewater Revenue Refunding Bonds (2019 A)		3,106,476		3,199,612	-2.91%						
Total outstanding long-term debt	\$	7,726,163	\$	5,452,428	41.70%						

At June 30, 2024, the City had \$7,726,163 in bonds and notes payable. Debt service payments and premium reductions decreased the bond debt by \$177,629 from Fiscal Year 2022/2023. A prior period adjustment reclassified the Governmental Activities Notes Payable to a Business-type Activities Notes Payable. Additional detail and information on long-term debt activity is described in Note 6 of these financial statements.

GENERAL FUND BUDGETARY HIGHLIGHTS

Changes from the City's General Fund original budget to the final budget are detailed in the *Required Supplementary Information* section along with a comparison to actual activity for the year ended. In Fiscal Year 2023/2024, the City originally estimated that a \$187,851 surplus change in fund balance which would increase overall fund balance. The City ended the year with an actual surplus change in fund balance of the General Fund of \$372,822.

Revenues

The General Fund adopted and final revenue budgets were \$2,406,316 and \$2,705,316 while actual revenues recorded were \$2,784,351. During the year, the City recorded \$87,459 more in taxes and assessments, and \$56,067 more in other revenue than budgeted. The other revenue was mostly from residential building activity administrative fees.

Expenditures

The General Fund adopted expenditures were \$2,291,805 and the final budget was \$2,513,291. Actual expenditures totaled \$2,484,291. The budgetary variance is primarily related to overages in public safety.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City continues to see healthy single-family and multi-family residential construction activity. We anticipate this will continue throughout Fiscal Year 2024-2025 as the City continues to work with various developers on their mapping and other requirements. The City annexed approximately 4,500 acres to the City in 2014. Preliminary planning is continuing for this annexation area.

The City's one-half cent transaction sales tax received overwhelming voter approval to extend it through March 2031. The spike in Fiscal Year 2018/2019 and correction in Fiscal Year 2019/2020 was a misallocation by the California Department of Tax and Fee Administration. Sales tax revenue is expected to increase 3% in Fiscal Year 2024/2025.

Property tax revenues are budgeted to increase 7% in Fiscal Year 2024/2025 based on the assessed value increase per Yuba County. Anticipated new residential growth could increase budgeted estimates.

The Fiscal Year 2024/2025 budget includes a 3.0% salary increase for City employees as agreed upon in a Memorandum of Understanding between the City and employee bargaining units. Fiscal Year 2024/2025 service levels will remain the same as Fiscal Year 2023/2024. It is anticipated that staffing levels will increase in future years as required by development activity.

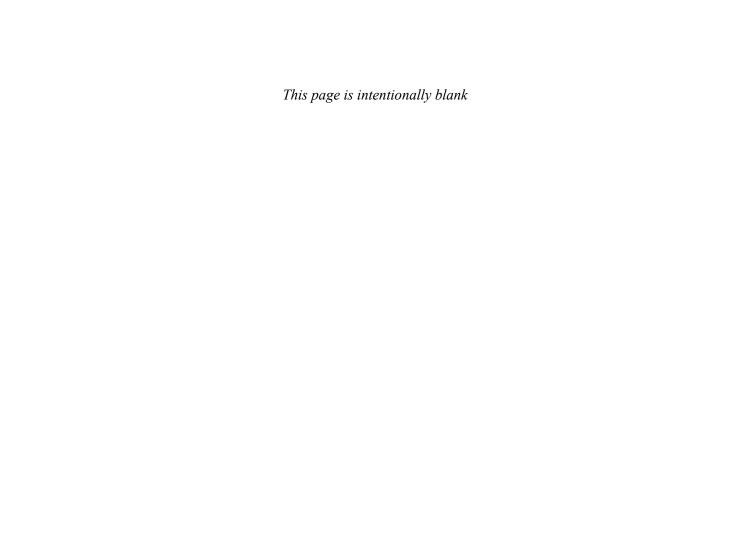

REQUEST FOR FINANCIAL INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives and spends. If you have questions about this report or need additional financial information, contact the City of Wheatland Finance Department, 111 C Street, Wheatland, California, 95692 or by calling 530-633-2761.

Reconciliation of the Government Funds Balance Sheet to the Government-Wide Statement of Net Position June 30, 2024

Total Fund Balances - Total Governmental Funds	\$ 9,101,525
Amounts reported for governmental activities in the statement of net position were different because:	
Capital assets used in governmental activities were not current financial resources. Therefore, they were not reported in the Governmental Funds Balance Sheet. The capital assets were adjusted as follows:	
Capital assets	10,398,927
Less: accumulated depreciation	(6,011,488)
Total Capital Assets	4,387,439
Long-term obligations were not due and payable in the current period. Therefore, they were not reported in the Governmental Funds Balance Sheet. The long-term liabilities were adjusted as follows:	
Compensated absences	(131,998)
Net Position of Governmental Activities	\$ 13,356,966

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Government-Wide Statement of Activities

For the Year Ended June 30, 2024

Net Change in Fund Balances - Total Governmental Funds	\$ 2,777,784
Amounts reported for governmental activities in the Statement of Activities and Changes in net position were different because:	
Governmental Funds report capital outlay as expenditures. However, in the Government-Wide	
Statement of Activities and Changes in net position, the cost of those assets was allocated over	
their estimated useful lives as depreciation expense.	
Capital asset additions	475,912
Depreciation expense	(455,475)
Compensated absences not required to be paid with current financial resources are not reported	
in the governmental funds, but are accrued as noncurrent liabilities in the Government Wide Statement	
Net Position. The change from prior year accrued compensated absences is reported in the applicable	
program expense.	 (15,182)
Change in Net Position of Governmental Activities	\$ 2,783,039

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The City of Wheatland (the City) was incorporated in 1874, under the laws and regulations of the State of California. The City operates under the City Council - Manager form of government and provides or contracts for the following services: public safety (Police and Fire), highways and streets, water, wastewater, culture-recreation, public improvements, planning and zoning, and general administration. Authority and responsibility for operations is given to the City Council by the voters of the City of Wheatland. The City Council has the authority to employ administrative and support personnel to carry out its directives. The primary method used to monitor the performance of the City's management is the financial budget which is adopted annually by the City Council. The City operates as a self-governing governmental unit within the State of California. There are no component units that are part of the City's operations.

B. Basis of Presentation

The basic financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Boards (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. These funds are established for the purpose of carrying out specific activities or certain objectives in accordance with specific regulations, restrictions, or limitations. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Financial Statements

The City's government-wide financial statements include a *Statement of Net Position* and a *Statement of Activities and Changes in Net Position*. These statements present summaries of governmental and business-type activities for the City. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the City's assets, deferred outflows of resources, liabilities, deferred inflows of resources (including capital assets, as well as infrastructure assets, and long-term liabilities), are included in the accompanying *Statement of Net Position*. The *Statement of Activities* presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those clearly identifiable with a specific function or segment. Certain indirect costs are included in the program expense reported for individual

functions and activities. Certain types of transactions are reported as program revenues for the City in three categories, as applicable:

- Charges for services
- Operating grants and contributions
- Capital grants and contributions

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Certain eliminations have been made as prescribed by GASB Statement No. 34 in-regards-to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated. Interfund services provided and used are not eliminated in the process of consolidation. The following interfund activities have been eliminated:

- Transfers in/Transfers out
- Interfund receivable and payables
- Indirect costs between funds

The City applies all applicable GASB pronouncements including all interpretations currently in effect.

Governmental Fund Financial Statements

Governmental fund financial statements include a *Balance Sheet* and a *Statement of Revenues, Expenditures and Changes in Fund Balances* for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in net position as presented in these statements to the net position presented in the government-wide financial statements. The City has presented all major funds that met the applicable criteria.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are included on the balance sheets. The *Statement of Revenues, Expenditures and Changes in Fund Balances* present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (up to 60 days after year-end) are recognized when due. Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Expenditures are recorded in the accounting period in which the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Unearned revenues arise when potential revenues do not meet both the "measurable" and "available" criteria for recognition in the current period. In subsequent periods when both revenue recognition criteria are met or when the government has a legal claim to the resources, the unearned revenue is removed from the combined balance sheet and revenue is recognized.

The City reports the following funds as major funds:

General Fund

The General Fund accounts for all financial resources except those to be accounted for in another fund. It is the general operating fund for the City.

Pool Operations Fund

The Pool Operations Fund accounts for donations provided for pool operations.

Development Impact Fund

This Development Impact Fee fund is used to account for development impact fees collected per the Caliterra Ranch Development Agreement.

Planning Projects Fund

The Planning Projects Fund accounts for revenue and expenses associated with planning and engineering projects.

Additionally, the City reports the following nonmajor fund types of governmental funds:

Special Revenue Funds

Special revenue funds account for and report the proceeds of specific revenue sources that are restricted, committed or assigned to specific purposes other than debt service or capital projects.

Capital Project Funds

Capital project funds account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets in governmental funds.

Proprietary Funds

Proprietary Fund Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and non-major funds aggregated.

In the fund financial statements, proprietary funds are presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. Proprietary funds are presented using the "economic resources measurement focus". This means all assets, deferred outflows of resources, liabilities (whether current or noncurrent) and deferred inflows of resources associated with their activities are included on their balance sheets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with principal activity of the fund. Exchange transactions are those in which each party

receives and gives up essentially equal value. Non-operating revenues, such as subsidies, taxes, and investment earnings result from nonexchange transactions or ancillary activities. Amounts paid to acquire capital assets are capitalized as assets in the proprietary funds financial statements.

The City has the following enterprise funds that have been reported as major:

Water Fund

The Water Fund accounts for the operation and maintenance of the City's water production and distribution system.

Sewer Fund

The Sewer Fund accounts for the operation and maintenance of the City's wastewater collection system including operating costs of the wastewater treatment facility.

C. Cash and Investments

The City pools cash resources from all funds, except for cash with fiscal agent, in order to facilitate the management of cash and improve flexibility of its investment program. The balance in the pooled cash account is available to meet current operating requirements. The cash and investments balance in each fund represents that fund's equity share of the City's cash and investment pool. As the City places no restrictions on the deposit or withdrawal of a particular fund's equity in the pool, the pool operates like a demand deposit account for the participating funds.

Interest income earned on pooled cash and investments is allocated quarterly to the various funds based on quarterly balances. Interest income on restricted cash and investments with fiscal agents is credited directly to the related fund.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturity of three months or less from the date of acquisition. Cash and cash equivalents are combined with investments and displayed as Cash and Investments. The City also considers all non-pooled cash and investments (consisting of cash with fiscal agent and restricted cash and investments held by fiscal agent) as cash and cash equivalents because investments meet the criteria for cash equivalents defined above.

Other disclosures are specified including use of certain methods to present deposits and investments, highly sensitive investments, credit quality at year-end and other disclosures. The City participates in an investment pool managed by the State of California titled Local Agency Investment Fund (LAIF), which has invested a portion of the pool funds in Structured Notes and Asset Backed Securities. LAIF's investments are subject to credit risk with the full faith and credit of the State of California collateralizing these investments. In addition, these Structured Notes and Asset-Backed Securities are subject to market risk as to change in interest rates.

Investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction.

In determining this amount, three valuation techniques are available:

- Market approach This approach uses prices generated for identical or similar assets or liabilities.
 The most common example is an investment in a public security traded in an active exchange such as the NYSE.
- Cost approach This technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- Income approach This approach converts future amounts (such as cash flows) into a current discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Observable inputs have been maximized in fair value measures, and unobservable inputs have been minimized.

D. Receivables

Billed, but unpaid, services provided to individuals or non-governmental entities are recorded as accounts receivable. Revenues earned but not collected by year-end are accrued. No allowance for uncollectible accounts receivable has been provided as management has determined that uncollectible accounts have been immaterial historically and the direct write-off method does not result in a material difference from the allowance method.

E. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. In governmental funds, prepaid items are accounted for using the consumption method and a portion of fund balance equal to the prepaid items has been offset by nonspendable fund balance to indicate that is not available for appropriation.

F. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable government funds to indicate that they are not available for appropriation and are not expendable available financial resources. There were no advances between funds reported as of June 30, 2024.

G. Notes Receivable

The City uses CDBG grant and program income funds to provide housing loans to eligible applicants. Such loans are made to low and moderate-income households to improve or rehabilitate residences. Repayments of the outstanding loans are classified as revenue in the applicable governmental funds, and as a reduction to principal and as interest income in the government-wide statements.

City also has notes receivable from developers for the augmentation of sewer infrastructure to be paid to the City as part of development agreements. Principal repayments decrease the note balances in the Sewer enterprise fund while the interest payment is reported as interest income when earned.

H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, traffic lights and signals, street lights, and similar items), are reported in the applicable governmental or business-type activities in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$10,000 or more and an estimated useful life in excess of three years. Such capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. The cost of normal maintenance and repairs that do not add to the value of the capital asset or materially extend capital asset lives are not capitalized.

Major capital outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Depreciation is recorded on a straight-line basis over the useful lives of the assets as follows:

Buildings	30-50 Years
Improvements other than buildings	20-30 Years
Infrastructure	20-39 Years
Vehicles	5-15 Years
Computer equipment	3-5 Years
Other equipment and furnishings	3-5 Years

I. Deferred Outflows/Deferred Inflows of Resources

In addition to assets, the statement of financial position or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

J. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave benefits. All vacation and sick leave benefits are accrued as earned by employees. Twenty-five percent of unused sick leave benefits is payable upon termination of employment with the City. For governmental activities and proprietary funds, a current liability is reported for that portion of the estimated value of vacation and sick leave benefits to be used during the subsequent fiscal year. The General Fund is primarily responsible for the repayment of the governmental portion of compensated absences while the Water and Sewer enterprise fund's share in the allocation of compensated absences for business-type activities.

K. Long-Term Liabilities

In the government-wide financial statements and proprietary funds, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental and business-type activities. When applicable, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, bonds payable are reported net of the applicable bond premium or discount, and debt issuance costs are expensed in year incurred. The difference between the reacquisition price of refunding bonds and the net carrying amount of refunded debt (deferred amount on refunding) is amortized over the shorter of the life of the refunding debt or remaining life of the refunded debt. Amortization of bond premiums or discounts, and deferred amounts on refunding are included in interest expense.

In the fund financial statements, governmental fund types recognize debt issuances, premiums, discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financial sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Fund Balances

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the City classifies governmental fund balances as follows:

Nonspendable

Nonspendable fund balance represents balances set aside to indicate items that do not represent available, spendable resources even though they are a component of assets. This includes amounts that cannot be spent because they are either (a) not spendable in form or (b) legally or contractually required to be maintained intact.

Restricted

Restricted fund balances have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislation which requires the resources to be used only for specific purpose. Encumbrances and nonspendable amounts subject to restrictions are included along with spendable resources.

Committed

The City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to the constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use through the same type of formal action taken to establish the commitment. City Council action to commit fund balance needs to occur within the fiscal reporting period; however the specific amounts can be determined subsequently. Encumbrances and nonspendable amounts subject to Council commitments are included along with spendable resources.

Assigned

Assigned fund balances are amounts constrained by the City's intent to be used for a specific purpose, but are neither restricted nor committed. Intent is expressed by the City Council or its designee, the City Manager, and may be changed at the discretion of the City Council or its designee. This category includes encumbrances; nonspendable amounts, when it is the City's intent to use proceeds or collections for a

specific purpose, and residual fund balances, if any, of Special Revenue and Capital Projects Funds, which have not been restricted or committed.

Unassigned

Unassigned fund balance represents residual amounts that have not been restricted, committed, or assigned. This includes the residual general fund balance and residual fund deficits, if any, of other governmental funds.

Flow Assumption / Spending Order Policy

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to be spent first. When expenditures are incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to be spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City Council has directed otherwise.

M. Net Position

In the government-wide financial statements, net position is classified in the following categories:

Net Investment in Capital Assets

This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that are attributed to the acquisition, construction, or improvement of the assets. In addition, deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also are included in the net investment in capital assets component of net position.

Restricted Net Position

This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments. These include developer fees received for use on capital projects, debt service requirements, and community development projects.

Unrestricted Net Position

This amount is all net position that does not meet the definition of "net investment in capital assets" or "restricted net position." The detail of amounts reported for each of the above defined net position categories is reported in the government-wide Statement of Net Position.

Use of Restricted/Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the City's policy is to apply restricted net position first.

N. Interfund Transactions

Interfund services provided and used are accounted for as revenue, expenditures or expenses, as appropriate. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursed fund. All other interfund transactions, except for interfund services provided and used and reimbursements, are reported as transfers. All other interfund transfers are reported as transfers.

O. Property Taxes and Special Assessments

California Constitution Article XIII A limits the combined property tax rate to one percent of a property's assessed valuation. Additional taxes may be imposed with voter approval. Assessed value is calculated at one hundred percent of a property's fair value, as defined by Article XIII A, and may be increased no more than two percent per year unless a change in ownership occurs. The state legislature has determined the method of distributing the one percent tax levy among the various taxing jurisdictions.

Assessed values for purposes of property taxes are determined on an annual basis for the period July 1 to June 30 by the Yuba County Assessor as of January 1. Taxes are levied annually on July 1 and become a lien on real property at January 1. Taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively, at which time applicable penalties and interest are assessed. Unsecured taxes become delinquent if not paid by August 31.

P. Budgetary Information

The annual budget adopted by the City Council provides for the general operation of the City. It includes proposed expenditures and the means of financing them.

The City Council approves total budgeted appropriations and any amendments to appropriations throughout the fiscal year. All amendments made during the fiscal year are included in the budgetary amounts reported herein. The "appropriated budget" covers all City expenditures, with the exception of debt service on bond issues and capital improvement projects carried forward from prior fiscal years, which expenditures constitute legally authorized "non-appropriated budget". Actual expenditures may not exceed budgeted appropriations at the fund level, which is the legal level of control.

The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.

Budgets for the General and Special Revenue Funds are adopted on a basis substantially consistent with accounting principles generally accepted in the United States of America (USGAAP). Accordingly, actual revenues and expenditures can be compared with related budgeted amounts without any significant reconciling items.

Budget comparisons are not presented for the Proprietary Funds, as the City is not legally required to adopt a budget for these type funds. Budgets were not adopted for the following nonmajor governmental funds: Prop 68 Grant Fund and the 6th Cycle Housing Fund. Appropriations for capital projects authorized but not constructed or completed during the fiscal year are carried forward as continuing appropriations into the following fiscal year's budget.

Under Article XIII-B of the California constitution (the Gann Spending Limitation Initiative), the City is restricted as to the amount of annual appropriations from the proceeds of taxes, and if proceeds of taxes exceed allowed appropriations, the excess must either be refunded to the State Controller or returned to the taxpayers through revised tax rates or revised fee schedules, or an excess in one year may be offset by a deficit in the following year. For the fiscal year ended June 30, 2024, based on calculations by City staff, proceeds of taxes did not exceed appropriations. Further, Section 5 of Article XIII-B allows the City to designate a portion of fund balance for general contingencies, to be used for any purpose.

The following summarizes the General Fund's actual and budgeted expenditures by department during the year:

				Variance with
	Budgeted	Amounts		Final Budget
			Actual	Positive
	Original	Final	Amounts	(Negative)
EXPENDITURES				
Current:				
General government	\$ 254,956	\$ 435,186	\$ 429,954	\$ 5,232
Public safety	1,616,209	1,587,790	1,677,320	(89,530)
Public works	106,150	106,150	60,700	45,450
Community development	216,446	194,791	208,527	(13,736)
Parks and recreation	98,044	99,644	107,790	(8,146)
Total Expenditures	\$ 2,291,805	\$ 2,423,561	\$ 2,484,291	\$ (60,730)

There were no material expenditures in excess of budget by department during the year.

Q. Unearned Revenue

Unearned revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred inflows of resources from unavailable revenue.

R. Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

S. Implementation of New Accounting Pronouncements

GASB Statement No. 100, Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62

This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This Statement also prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections in previously issued financial statements. This Statement did not have a material impact on the financial statements.

T. Upcoming New Accounting Pronouncements

The City is currently analyzing its accounting practices to identify the potential impact on the financial statements of the following GASB Statements:

GASB Statement No. 101, Compensated Absences

This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. However, leave that is more likely than not to be settled through conversion to defined benefit postemployment benefits should not be included in a liability for compensated absences.

This Statement requires that a liability for certain types of compensated absences - including parental leave, military leave, and jury duty leave—not be recognized until the leave commences. This Statement also requires that a liability for specific types of compensated absences not be recognized until the leave is used. A liability for leave that has been used but not yet paid or settled should be measured at the amount of the cash payment or noncash settlement to be made. Certain salary-related payments that are directly and incrementally associated with payments for leave also should be included in the measurement of the liabilities. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

GASB Statement No. 102, Certain Risk Disclosures

This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued.

If a government determines that those criteria for disclosure have been met for a concentration or constraint, it should disclose information in notes to financial statements in sufficient detail to enable users of financial statements to understand the nature of the circumstances disclosed and the government's vulnerability to the risk of a substantial impact. The disclosure should include descriptions for (1) the concentration or constraint (2) each event associated with the concentration or constraint that could cause a substantial impact if the event had occurred or had begun to occur prior to the issuance of the financial statements (3) actions taken by the government prior to the issuance of the financial statements to mitigate the risk. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter.

GASB Statement No. 103, Financial Reporting Model Improvements

This Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability.

This Statement establishes new accounting and financial reporting requirements or modifies existing requirements related to (a) Management's discussion and analysis (MD&A) (b) Unusual or infrequent items (c) Presentation of the proprietary fund statement of revenues, expenses, and changes in fund net position (d) Information about major component units in basic financial statements (5) Budgetary comparison information (6) Financial trend information in the statistical section. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

NOTE 2 - CASH AND INVESTMENTS

Cash and investments consisted of the following as of June 30, 2024:

Deposits:	
Cash on hand	\$ 600
Deposits with financial institutions	2,339,181
Total Deposits	2,339,781
Investments:	
Local Agency Investment Fund	11,838,153
Certificates of deposit	2,327,657
PARS restricted cash with fiscal agent	199,753
Total investments	14,365,563
Total cash and investments	\$ 16,705,344

A. Cash Deposits

The California Government Code requires California banks and savings and loan associations to secure the City's cash deposits by pledging securities as collateral. This Code states that collateral pledged in this manner shall have the effect of perfecting a security interest, and places the City ahead of general creditors of the institution. The fair value of pledged securities must equal at least 110 percent of the City's cash deposits. California law also allows institutions to secure City deposits by pledging first trust deed mortgage notes that have a value of 150 percent of the City's total cash deposits. Cash deposits insured up to \$250,000 per entity, per bank by the Federal Deposit Insurance Corporation (FDIC).

The bank balances before reconciling items totaled \$2,166,265 at June 30, 2024 and were different from carrying amounts due to deposits in transit and outstanding checks. The amount uninsured was \$1,916,265, which was collateralized by securities held by pledging financial institutions. The City follows the practice of pooling cash and investments of all funds, except for funds required to be held by fiscal agents. Interest income earned on pooled cash and investments is allocated to the various funds based on the period-end cash and investment balances. Interest income from cash and investments with fiscal agents is credited directly to the related fund.

B. Fair Value Measurements

GASB 72 established a hierarchy of inputs to the valuation techniques with three levels:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 inputs are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable
- Level 3 inputs are unobservable inputs, such as a property valuation or an appraisal.

C. Investment Policy

Allowable investment instruments are defined in the California Government Code Section 53600, et. seq., as amended. If the Code is further revised to allow additional investments or is changed regarding the limits on certain categories of investments, the City is authorized to conform to these changes, excluding those changes that may be prohibited by this policy. Where the Government Code specifies a percentage limitation for a particular category of investments, that percentage is applicable only at the date of purchase.

The table below identifies the investment types that are authorized by the City's investment policy and the California Government Code (or the City's investment policy, if more restrictive). Under the provisions of the City's investment policy, and in accordance with California Government Code, the following investments are authorized:

		Maximum	Maximum
	Maximum	Percentage of	Investment in
Authorized Investment Type	Maturity	Portfolio	One Issuer
US Treasury and Other Government Obligations	5 Years	None	None
Federal Agency Issues	5 Years	25%	None
Negotiable Certificates of Deposit	5 Years	30%	5%
Banker's Acceptance	180 Days	40%	5%
Mutual Funds and Money Market Mutual Funds	n/a	20%	None
Commercial Paper	270 Days	25%	5%
Local Agency Investment Fund (LAIF)	n/a	None	\$75M
Non-Negotiable Certificates of Deposit	5 Years	20%	None

D. External Investment Pool

The City's investments with LAIF at June 30, 2024, includes a portion of the pooled funds invested in Structured Notes and Asset-Backed Securities. These investments include the following:

Structured Notes

These are debt securities (other than asset-backed securities) whose cash flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or that have embedded forwards or options.

Asset-Backed Securities

The bulk of asset-backed securities are mortgage-backed securities, entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from a pool of mortgages (such as CMO's) or credit card receivables.

LAIF is not registered with the Securities and Exchange Commission and is not rated. LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with State statute. The approved investments policy is listed on the LAIF website, located at http://www.treasurer.ca.gov/pmia-laif/.

E. Risk Disclosures

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the term of an investment's maturity, the greater the sensitivity to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of an investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. As of June 30, 2024, the City's investments were in compliance with the ratings required by the City's investment policy and Government Code.

Concentrations of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total City investments required to be disclosed.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF).

As of June 30, 2024, the City's investments had the following maturities:

	1	2 Months or			Fair Value	
Investment Type		Less	 1-5 years	Fair Value	Input Levels	Rating
Local Agency Investment Funds	\$	11,838,153	\$ -	\$ 11,838,153	n/a	n/a
Certificates of deposit		1,129,473	1,198,184	2,327,657	Level 1	Not rated
Treasuries		199,753	 _	199,753	Level 1	AA/AAA
Total Investments	\$	13,167,379	\$ 1,198,184	\$ 14,365,563		
				-		

NOTE 3 - NOTES RECEIVABLE

Notes receivable consisted of the following as of June 30, 2024:

	Notes			Interest	Balance		
Description	Receivable Re		Receivable		ne 30, 2024		
Governmental Activities							
Special Revenue Funds:							
CDBG Loans	\$	139,384	\$	-	\$	139,384	
Busioness-type Activities							
Enterprise Funds:							
Developer Notes		1,041,034		265,942		1,306,976	
Total Notes Receivable	\$	1,180,418	\$	265,942	\$	1,446,360	

CDBG Loans

CDBG loans to assist low-income residents to afford safe and sanitary housing, including improvements to housing; non-interest; principal and interest generally due at maturity or change of home ownership; secured by deeds of trust.

Developer Notes

Notes receivable from developers are for the augmentation of sewer infrastructure to be paid to the City as part of development agreements. Interest on the notes is based on rates that are matched to the Construction Cost Index annually.

NOTE 4 - INTERFUND TRANSACTIONS

Inter-fund Receivables and Payables

Amounts due to or due from other funds reflect inter-fund balances for services rendered or short-term loans expected to be repaid in the next fiscal year. As of June 30, 2024, the City reported the following interfund balances:

	L	Due from		Due to	
Fund	Ot	her Funds	Ot	ther Funds	
General Fund	\$	99,683	\$	212,884	
Nonmajor Funds		-		99,683	
Sewer Fund		212,884		-	
Total Due From/To	\$	312,567	\$	312,567	

Transfers In/Out

Transfers from the General Fund to the Lighting and Landscape funds were to fund the General Fund portion of the District's operating expenses. Transfers from the General Fund and Nonmajor funds to the Planning Projects fund were to pay for capital improvements. Material transfers between Nonmajor funds included \$350,000 transferred from the General Plan Update Impact Fees fund to the General Plan Update Fund. The following summarizes transfers between funds during the fiscal year ended June 30, 2024:

Fund		Transfer in	T	ransfer out
General Fund	\$ 170,000		\$	97,238
Planning Projects		422,700		-
Nonmajor Funds		447,238		942,700
Total Transfers	\$	1,039,938	\$	1,039,938

NOTE 5 - CAPITAL ASSETS

Capital assets for governmental activities consisted of the following as of June 30, 2024:

		Balance			Γ	Deletions/		Balance
Governmental activities:	Ju	ly 01, 2023	 Additions	 Transfers	Ac	ljustments	Ju	ne 30, 2024
Non-depreciable:								
Land	\$	86,063	\$ -	\$ -	\$	-	\$	86,063

Compensated Absences

Compensated absences in governmental activities have been paid from the General Fund. Compensated absences in business-type activities have been paid from the Water and Sewer Funds.

Water Fund - Revenue Refunding Bonds 2019 series B

On December 1, 2019, The City issued Revenue Refunding Bonds 2019 series B, (the "Bonds") in the amount of \$2,210,000 to refund certificates of participation from the United States Department of Agriculture. The bonds bear interest between 3% and 4% with scheduled semiannual debt service payments due from May 1, 2021 through May 1, 2042. The City's Water Fund charges for services were pledged as the specific revenue source for the repayment of the Bonds.

The following summarizes the City's debt service requirements:

Fiscal Year Ending:	Principal	Interest	Total
2025	\$ 75,000	\$ 75,650	\$ 150,650
2026	80,000	72,650	152,650
2027	85,000	69,450	154,450
2028	85,000	66,050	151,050
2029	90,000	62,650	152,650
2030-2034	505,000	256,450	761,450
2035-2039	610,000	155,050	765,050
2038-2041	420,000	34,000	454,000
Total	\$ 1,950,000	\$ 791,950	\$ 2,741,950

Note Payable

On July 7, 2020, the City entered into a grant and loan agreement with the Yuba County Water Agency for funding to design and build wastewater system improvements, that service parts of the City and connect to the Olivehurst Public Utilities District. The agreement was amended on October 18, 2022. The grant totaled \$1,300,000 and the loan was not to exceed \$3,300,000 with repayment required once work on the project is completed. The repayment structure and schedule will be determined at the time of project completion. The City has drawn \$2,451,364 in funding from the loan and the project was still in progress as of June 30, 2024. During the year, the City reclassified the loan from governmental activities to business-type activities which was reflected as a prior period correction on the government wide statement of activities of \$2,157,670.

Wastewater Fund - Revenue Refunding Bonds 2019 Series A

On December 1, 2019, The City issued Revenue Refunding Bonds 2019 series A (the "Bonds"), in the amount of \$3,245,000 to refund certificates of participation from the United States Department of Agriculture. The bonds bear interest between 3% and 4% with scheduled semiannual debt service payments due from May 1, 2020 through May 1, 2047. The City's Sewer Fund charges for services were pledged as the specific revenue source for the repayment of the Bonds.

The following summarizes the City's debt service requirements:

Fiscal Year Ending:	Principal	Interest	Total
2025	\$ 80,000	\$ 106,863	\$ 186,863
2026	85,000	103,663	188,663
2027	90,000	100,263	190,263
2028	90,000	96,663	186,663
2029	95,000	93,063	188,063
2030-2034	530,000	405,510	935,510
2035-2039	635,000	306,350	941,350
2040-2044	745,000	195,800	940,800
2045-2047	520,000	42,200	562,200
Total	\$ 2,870,000	\$ 1,450,375	\$ 4,320,375

NOTE 7 - DEFICIT FUND BALANCES

As of June 30, 2024, the city reported a deficit fund balance of \$34,825 in the Heritage Oaks East AD Fund, \$39,770 in the Public Meeting Facilities Impact Fees Fund, and \$10,994 Bear River Impact Fees Fund. These deficits are expected to be reduced by future revenues and transfers from other funds.

NOTE 8 - RISK MANAGEMENT AND JOINT VENTURES

California Intergovernmental Risk Authority (CIRA)

The City is self-insured for the first \$5,000 on each general liability claim. The City has a \$5,000 self-insured retention for workers' compensation liability claims. The insurance coverage in excess of the self-insured amount is provided by the California Intergovernmental Risk Authority (CIRA), a public entity risk pool currently operating as a common risk management and insurance program for 50 California cities, up to a limit of \$1,000,000 for general liability and \$500,000 for workers' compensation. The City pays an annual premium to the pool for its excess general liability insurance coverage. The agreement for formation of the CIRA provides that the pool will be self-sustaining through member premiums. Losses that exceed \$1,000,000 for general liability are covered via PRISM up to \$40,000,000

and commercial insurance coverage through Safety National and Gray Insurance for excess workers' compensation up to statutory limits. The City is self-insured for the first \$250,000; \$1,000,000 is provided by the Employment Risk Management Authority (ERMA); and excess coverage up to \$50,000,000 is provided by PRISM. In addition, the City purchases crime insurance coverage in the amount of \$1,000,000 with a \$2,500 deductible. The fidelity coverage is group-purchased through the Authority. Premiums are paid annually and are not subject to retroactive adjustments. Claims, expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. The City funds all claims payable, including those incurred but not reported, in the yearly deposit it pays to CIRA, except for its self-insured retention.

CIRA publishes its own financial report each year, which can be obtained from https://cira-jpa.org/about-cira/financials/.

There were no material unpaid and uninsured claims outstanding at the beginning or end of the last two fiscal years. Settlements have not exceeded insurance in the past three fiscal years.

Wheatland Fire Authority

The City of Wheatland and the Plumas Brophy Fire District created a Joint Powers Authority called the Wheatland Fire Authority. Its purpose is to serve the City of Wheatland, whether developed or undeveloped and surrounding unincorporated areas as a joint firefighting organization.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

Litigation

The City is subject to certain matters of litigation that may arise in the normal course of conducting City business. City management believes, based upon consultation with legal counsel, that these cases, in the aggregate, are not expected to result in a material adverse financial impact on the City. Additionally, City management believes that the City's insurance programs are sufficient to cover any potential losses should an unfavorable outcome materialize.

Federal and State Grant Programs

The City participates in federal and state grant programs. These programs are audited by the City's independent accountants if required by and in accordance with the provisions of the Uniform Guidance and applicable State requirements. Expenditures which may be disallowed, if any, by the granting agencies, cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

NOTE 10 - PENSION

The employees of the City accumulate retirement benefits through a defined contribution plan with the MissionSquare Retirement Corporation. The City makes bi-weekly contributions to a 401(a) plan amounting to 6% (General Employees) or 7% (Public Safety Employees) of the employee's base salary. A matching 3% contribution is required from the employee. Employees are 100% vested (employer portion) at five years of service, except for those employees over 50 years old who are fully vested from the month of employment. The plan is administered and held in trust for the exclusive benefit of participants and are not assets of the City. The balance at June 30, 2024 is \$1,663,031. The City does not offer other postemployment benefits.

Error corrections

The annual budget adopted by the City Council provides for the general operation of the City. It includes proposed expenditures and the means of financing them.

Budgets for the General and Special Revenue Funds are adopted on a basis substantially consistent with the accounting principles generally accepted in the United States of America (US GAAP). Accordingly, actual revenues and expenditures can be compared with the related budgeted amounts without any significant reconciling items.

Additional information concerning the General Budget policies is explained more thoroughly in Note 1 of the Notes to the Basic Financial Statements. Expenditures in excess of appropriations were covered by budgets in other objects/functions or beginning fund balance.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Gas Tax Fund

This fund accounts for the City's share of gas tax monies received from the State and expenses related to maintaining the City's road system.

SB1 Fund

This fund accounts for the City's share of SB1 monies received from the State and expenses related to maintaining the City's road system.

Transportation Development Fund

This fund accounts for sales tax monies allocated to the City through the Sacramento Area Council of Governments and expenses related to transit operations and local street, roadway, bicycle, and pedestrian projects.

CDBG 1989 Loan Fund

This fund accounts for loans issued to low-income Wheatland homeowners for home repairs.

CDBG 1990 Loan Fund

This fund accounts for loans issued to low-income Wheatland homeowners for home repair.

Economic Development Fund

This fund accounts for revenues and expenses associated with the creation and enhancement of job growth and the promotion of business development and stability.

Bear River Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of Levee upgrades and maintenance that were necessary to mitigate the effects of new development projects.

Regional Bypass Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of providing public infrastructure, improvements and facilities that are necessary to mitigate the effects of new development projects. This fee has been replaced with a County fee accounted for by the Sutter Yuba Transportation Improvement Authority.

General Plan Update Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of general plan updates that are necessary to mitigate the effects of new development projects.

Storm Drainage Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of constructing additional storm drainage that are necessary to mitigate the effects of new development projects.

Road Circulation Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs road circulation improvements that are necessary to mitigate the effects of new development projects.

City Hall Facilities Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of City Hall facility upgrades and maintenance that are necessary to mitigate the effects of new development projects.

Vehicle and Equipment Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of providing for additional vehicles and equipment that are necessary to mitigate the effects of new development projects.

NONMAJOR GOVERNMENTAL FUNDS

Public Works Facilities Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of providing additional public works facilities that are necessary to mitigate the effects of new development projects.

Law Enforcement Facilities Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of providing additional law enforcement facilities that are necessary to mitigate the effects of new development projects.

Fire Department Facilities Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of providing additional fire facilities that are necessary to mitigate the effects of new development projects.

Parkland Facilities Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of providing additional park facilities that are necessary to mitigate the effects of new development projects.

Public Meeting Facilities Impact Fees Fund

This fund accounts for fees imposed on new development to offset the costs of providing additional public meeting facilities that are necessary to mitigate the effects of new development projects.

SLES Fund

This fund accounts for revenues and expenditure associated with Supplemental Law Enforcement Services funding from the State of California which provides for local law enforcement services.

Pumpkin Patch Joint Admissions Fund

This fund accounts for Admission Fee revenues received from an annual agricultural entertainment event and expenses for enhanced safety, signage and traffic control required during the event.

Wheatland Community Gardens Fund

This fund accounts for annual revenue from leased garden plots and expenses associated with providing operational oversight.

Ryantown LLD Fund

This fund accounts for revenues received from benefitted parcels within a specific District and expenses related to the cost of maintaining streetlights and common area improvements.

Park Place LLD Fund

This fund accounts for revenues received from benefitted parcels within a specific District and expenses related to the cost of maintaining streetlights and common area improvements.

Wheatland Public Services CFD 2015-1 Fund

This fund accounts for assessment revenue received from benefitted properties within a specific District and expenses related to the cost of providing public services and maintenance, operations, and replacement of public infrastructure within the District.

Heritage Oaks East CFD 2015-2 Fund

This fund accounts for assessment revenue received from benefitted properties within a specific District and expenses related to the cost of providing public services and maintenance, operations, and replacement of public infrastructure within the District.

Agricultural Production Standards Fund

This fund accounts for revenue and expenses associated with a funding agreement with the Bear River Walnut Ranch to create zoning protections and citywide standards for agricultural production operations.

NONMAJOR GOVERNMENTAL FUNDS

Tobacco Grant Fund

This fund accounts for revenues and expenses associated with grant funding received from the California Department of Justice for efforts to reduce early onset of youth using alcohol, tobacco, and other drugs.

COVID-19 Fund

This fund accounts for revenues and expenses associated with grant funding received under the Coronavirus Aid, Relief, and Economic Security (CARES) Act to assist with expenses incurred due to the public health emergency and response to COVID-19.

SB2 Fund

This fund accounts for revenue and expenses associated with updates to the City's AB1600 reporting and the Housing Element.

First Street Senior Housing Fund

This fund accounts for revenue and expenses associated with planning and administration of a new senior housing project.

Prop 68 Grant Fund

This fund accounts for grant revenue and expenses associated with preparing a grant application to the State Department of Parks and Recreation.

6th Cycle Housing Fund

This fund accounts for revenue and expenses associated with the 6th cycle (2021-2029) Housing Element update.

Capital Projects Funds

General Plan Update Fund

This fund accounts for revenue and expenses associated with updating the City's General Plan.

Corporation Yard Sinkhole Fund

This fund accounts for revenue and expenses associated with repair of the sinkhole at the City's corporation yard.

STATISTICAL SECTION

Page 121

City of Wheatland Statistical Section June 30, 2024

This part of the City's annual financial report presents detailed information in a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.

2022	312,132,353	5,490,030	317,622,383	3.03%	0.14121
2023	339,386,313	7,099,448	346,485,761	9.09%	0.14161
2024	368,472,792	7,456,668	375,929,460	8.50%	0.14331

Note:

In 1978 the voters of the State of California passed Proposition 13 which limited taxes to a total maximum rate of 1%, based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum of 2%). With few exceptions, property is only reassessed as a result of new construction activity or at the time it is sold to a new owner. At that point, the property is reassessed based upon the added value of the construction or at the purchase price (market value) or economic value of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

Notes:

¹In 1978, California voters passed Proposition 13 which set the property tax rate at 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

²Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all city property owners.

³City's share of 1.00% levy is based on the City's share of the general fund tax rate area with the largest net taxable value within the City.

⁴Total Direct Rate is the weighted average of all individual direct rates applied by the City /Agency preparing the statistical section information and excludes revenues derived from aircraft.

^{*}The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). This computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time the legal debt margin was enacted by the State of California for local governments.
